

## GERMAN AEROPLANE MAKES AFTERNOON RAID ON ENGLAND

### FLIES OVER THE COUNTY OF KENT AND DROPS FOUR BOMBS

No Loss of Life and No Serious Damage to Property Results—British India Office Reports Defeat of Turks—Germany to Make Inquiry into Sinking of Dutch Steamer.

London, April 16.—(10:30 p. m.)—England this afternoon experienced its third hostile air raid within 48 hours but the last like those immediately preceding it, resulted in no loss of life and no serious damage to property.

All Bombs Fall in Fields. Taking advantage of fine flying weather, which enabled a Zeppelin airship to visit the vicinity of the Tyne Wednesday night and the coast of Suffolk and Essex early this morning, a German aeroplane, having crossed the North Sea this afternoon, flew over the county of Kent, dropping bombs. In all four missiles were dropped—in the vicinity of the towns of Faversham and Sittingbourne, the latter just across the Bugle from the Isle of Sheppey, which is the birthplace of the British royal naval flying corps. All the bombs fell in fields. From Sittingbourne the aeroplane flew over the Isle of Sheppey and it is thought probable the raider mistook the towns attacked for Sheerness, the British naval base which is on the other side of the island. On his way the airman passed over Canterbury and other towns in Kent but did not lose any explosive projectiles upon or near them.

Drop Twenty-Five Bombs. Zeppelins, for it is believed there were two of them which visited East Anglia during the early hours of this morning, dropped some 25 incendiary and explosive bombs on Lowestoft, Southwold, Malton, Burnham-on-Crouch, Eyre and Tillingham but, like the raid of the previous night, on the Tyne mouth district only material damage was done and little at that, although a number of persons had very narrow escapes. In Lowestoft a bomb dropped in a garden, shattered a row of small houses and people sleeping in them were cut by broken glass. During the three raids at least fifty bombs have been sent down by the Germans. Either by error or purposely the airman seem to have kept away from the larger towns. There, they might have been discovered by searchlights and come under fire from the land. There is an inclination here to consider the raid only in the nature of reconnaissance for, except in the case of aeroplane bases, points of military operation were avoided. In view of this belief extra precautions are being taken while the fine weather lasts. The allies already are making reprisals for all German attacks over the fighting zone and it is considered here to be likely that the raids over England will receive their reply before very long.

Battles Proceeding on Continent. Meantime battles are proceeding on the continent. Although a thaw has set in on the Carpathians and the roads have been turned into mud and districts are inundated by swollen streams, the fighting continues. The Russians report that they have taken further heights in the mountain ranges and repulsed attacks in the vicinity of Rostok and in the direction of the Stry, where the Austro-Germans were attempting an outflanking movement. The Austrians make similar claims and disclose the fact that the Russians have been attacking also in southeast Poland and western Galicia, apparently with a view to preventing the Austrians from sending any more reinforcements into the Carpathians.

In the west comparative calm prevails following the reported French victory north of Arras which would give them another point of vantage from which to launch an offensive when the chosen moment arrives. Reports Defeat of Turks. The British India office reports that Indian troops have inflicted another defeat on the Turks, who had gathered a large force of regulars and irregulars to oppose them in Mesopotamia while the Russians again have been harassing Turkish commerce in the Black Sea by sinking four steamers and several sailing vessels and bombarding Asia Minor coast forts.

Germany has promised to make inquiry into the sinking of the Dutch Steamer Katwyk which the captain and crew charge was sunk off the North Hinder Lightship by a German submarine.

## TERRE HAUTE COUNCIL PASSES BILL TO IMPEACH ROBERTS

TERRE HAUTE, Ind., April 16.—A bill of impeachment against Mayor Donn M. Roberts, who was recently sentenced to serve six years in Leavenworth penitentiary for election frauds was passed at a special session of the Terre Haute city council tonight. Among other things the bill charges that the mayor has diverted public funds to his private use, has sought to disrupt the efficiency of the police department and has been convicted of a felony. The council set April 23rd, as the date for the mayor to answer the charges.

## CHARGE YOUTH WITH MAKING THREATS TO KILL VINCENT ASTOR

Police State He Confessed to Sending Two Letters Containing Death Threats and Demands for Money.

New York, April 16.—Accused of threatening to kill Vincent Astor if he should refuse a demand for \$500, John Meriella, a youth of 19, was arrested at the Grand Central Terminal today on complaint of Mr. Astor's business agent, William A. Dobbey.

Meriella was taken to police headquarters, where it was said he admitted having sent two letters to the young millionaire, containing death threats and demands for money.

He admitted according to the police that if he had not been arrested, he would have attempted to carry out his threats. In addition to a charge of attempted extortion, a charge of violating the Sullivan law forbidding the carrying of concealed weapons was made against him. According to Mr. Dobbey one of the two letters was received on March 27th, and other on Thursday of this week. The first letter contained the demand for \$500 and stated that unless it was forthcoming the young millionaire would be killed.

No attention was paid until the second letter was received when Mr. Dobbey notified the police and plans were made to trap the man. Detective followed Mr. Dobbey to the Grand Central station where Meriella in response to a pre-arranged signal, approached Dobbey and asked if he had the \$500. The police officers then arrested Meriella after a short struggle in which the man tried to draw a loaded revolver. Meriella at headquarters said that his father was an assistant baker and that two weeks ago he had run away from home with \$275 of his father's money. He spent it in seeing the sights he said and he thought he had found an easy way to get more. No one else, he said, was concerned in the plot.

## QUINCY DEFEATS KNOX IN SECOND ROUND OF DEBATES

QUINCY, Ill., April 16.—The Quincy high school debating team this evening defeated the Champaign high school representatives in the second round of debates in the Knox College Triple-triangle league by a two to one decision of the judges.

The question debated was, "Resolved: That the parcel post should be extended to include the entire express business in the United States." Quincy defended the affirmative, Burlington Wins.

Hurlington, April 16.—Hurlington won the debate from Quincy tonight by the unanimous decision of the judges. The local high school students had the affirmative of the question that the parcels post be extended to include the express companies.

Beloit Defeat Knox. Beloit, Wis., April 16.—Beloit college debating team defeated the Knox college team of Galesburg, Ill. here tonight. Beloit took the affirmative on the question of forming an alliance between the United States and Argentina, Brazil and Chile for the purpose of adjusting Latin-American international difficulties.

## PACKING PLANTS INSTALL STRONG FORCES OF EXTRA WATCHMEN

Precautions Result From a Number of Fires of Mysterious Origin and an Explosion. Kansas City, Mo., April 16.—Strong forces of extra watchmen were installed tonight by packing plants here as a result of the arrest last night of John Mulvihill at the entrance to the Cudahy Packing company grounds carrying, according to the police four sticks of dynamite and fuse with cap set. A number of fires of mysterious origin and an explosion have damaged the plants of several packing companies in the last six months. According to the police Mulvihill admitted today that he believed the company was shipping meat to England and that if no more food supplies would reach the allies the war would soon be ended. He denied, however, having any intention of causing an explosion or any knowledge of the explosion which partly wrecked the plant last Sunday night. The two men arrested with Mulvihill last night proved to be detectives who claimed to have gained the confidence of the man. They posed as accomplices while watching him.

## WILL AWARD CONTRACTS FOR THREE HYDRO-AEROPLANES

WASHINGTON, April 16.—Secretary Daniels announced today that contracts for three hydro-aeroplanes at \$15,000 each would be awarded to the Burgess company of Marble Head, Mass. The specifications call for machines with a speed of 80 miles an hour, sustaining flight at least seven hours and ability to climb with full load, 6,500 feet in twenty minutes.

## INTRODUCES STRINGENT BILL AGAINST LOBBYING

### MEASURE WOULD MAKE PROFESSIONAL LOBBYING A FELONY

Fixes a Fine of \$500 to \$5,000 and Imprisonment in the Penitentiary From one to Five Years or Both—House Adjourns Until Wednesday.

Springfield, Ill., April 16.—A bill introduced not only to stop lobbying before the general assembly but to make professional lobbying a criminal offense punishable by a penitentiary sentence was introduced in the lower house of the legislature today by Representative Lipshutz, Democrat, of Chicago.

Under the provisions of the bill professional lobbying would be made a felony. The bill fixes a fine of from \$500 to \$5,000 and imprisonment in the penitentiary from one to five years, or both.

Adjourns Until Wednesday. After killing thirteen bills on the recommendation of committees to which they were referred and after practically cleaning up the calendar of bills on first and second reading, the house adjourned at 12:40 p. m. until 10 a. m. next Wednesday.

The senate held only a preliminary session, adjourning until the same time. No sessions will be held Tuesday because of downstate municipal and wet and dry elections on that date.

In reply to charges that he is a candidate for judge of the circuit court in Chicago and that he is jockeying for such a judgeship by holding up the Igoe bill, creating six new circuit court judges in Cook county, Lieutenant Governor Barratt O'Hara today issued a statement denying that he is playing politics by not signing the bill and further denying that he is a candidate for such judgeship.

The Igoe bill, which is an emergency measure, has been passed by both houses of the legislature, but has not been signed by the lieutenant governor. Until O'Hara signs the measure it cannot be sent to Governor Dunne for the signature which will make it a law.

Introduce Stringent Bills. Five stringent bills placing 21 charitable associations and maternity hospitals under the supervision of the state board of administration, and changing the Illinois juvenile court act to conform with the Colorado juvenile court act, prepared by Judge Ben Lindsey, were introduced in the legislature today by members of the homebuilding commission appointed by the last assembly.

More measures probably will be introduced by the commission, which made only a partial report today. Under the bills offered today all maternity wards and all charitable societies would have to obtain licenses from the state before they could operate.

## MAY BE SEVERAL WEEKS BEFORE F-4 IS BROUGHT TO THE SURFACE

Three Lines are Attached to the Craft—Another Must be Hooked Before Beginning Lifting Operations. Honolulu, T. H., April 16.—Naval officers in charge of the work of raising the submarine F-4 from the ocean floor outside the harbor said today it would be several weeks before the bulk, which contains the bodies of 41 men could be brought to the surface.

A line that had hooked the conning tower was cleared today and made fast to the vessel. There are now three lines attached to the craft and another must be hooked on before pontoon scows are employed to begin lifting operations.

It was said a plan had been devised to raise the submarine several feet and then tow it over the shifting ocean bed until it struck ground, again this operation to be repeated until the bulk could be brought into shallow water. In straight lifting it is said there was danger of the lines slipping off.

## PACIFIC COMPANY CANCELS SALES

San Francisco, April 16.—The Pacific Mail Steamship company, operating one of the largest fleets in foreign trade under the American flag, announced today that all sailings after November 2nd, 1915, had been cancelled because of the new seamen's law which will go into effect November 4th. The company operates with Chinese crews.

## War News Summarized

Aid raids over England, France and Germany, trench, infantry and artillery fighting in France, the Carpathians and an attack by Russian warships against Turkish merchant ships and Ottoman forts in the Black Sea, comprise the main features of the war.

Probably the greatest interest attaches to the spectacular flights of German airmen over portions of county Kent, England, and the city of Amiens, France, and a bomb dropping raid by allied aviators on towns in west Germany. While it is said that little material damage and only slight casualties resulted from the attack on the Kentish districts, some damage was done in the villages.

In the land fighting France asserts that three counter attacks by the Germans on the newly won fresh positions at Notre Dame de Lorette and similar attack at Les Eparges failed and that in the forest of Montmar three German batteries were silenced and an ammunition depot blown up. In the Carpathians, now deep in mud from the spring thaw and in parts inundated by spring freshets, Petrograd asserts that two heights between the villages of Telepoch and Zuella were taken by the Muscovite troops at the point of the bayonet, while in the vicinity of Rostoki and in the Stry region Austrian attacks were repulsed. Vienna says that only isolated fighting has taken place in the wooded sectors of the mountains, but at one point a Russian advance was repulsed with heavy losses.

## COURT ORDERS THAW BACK TO MATTEAWAN

### RULES ORIGINAL ORDER COMMITTING HIM IS STILL VALID

Plans are Being Formulated to Take Case to Court of Appeals—Counsel Will Urge Client be Permitted to Have a Jury Determine His Present Mental Condition.

New York, April 16.—Harry Kendall Thaw was today ordered back to the state hospital for the criminal insane at Matteawan by the appellate division of the New York supreme court. In an opinion concurred in by all the justices, the court affirmed the denial by Supreme Court Justice Page of a motion to return Thaw to the jurisdiction of the state of New Hampshire, whence he was extradited to stand trial for conspiring to escape from the Matteawan asylum and ruled that the original order committing him to the institution was still valid. Plans are now being formulated to take the case to the state court of appeals.

Decision Surprises Counsel. A decision adverse to Thaw came as a great surprise to his counsel. The court held that in returning involuntarily to this jurisdiction Thaw was subject to no promise of inducement and that New Hampshire had only done the duty expected of it when it returned him to New York to answer for a crime for which he had been indicted.

The order carried with it the provision that Thaw could not be taken from New York county until five days have elapsed. The writ of habeas corpus sworn out in Thaw's behalf after he was acquitted on the charge of conspiracy is finally returnable on Monday. At that time counsel will present arguments urging that their client be granted permission to have a jury determine his present mental condition.

Thaw Refuses to Comment. Should a decision unfavorable to Thaw be forthcoming by Wednesday the he will have the right to return him to Matteawan, providing his counsel shall have secured a stay of execution in the order committing him to Matteawan, pending appeal. Thaw himself refused tonight to comment upon the action of the court.

## LITTLE COLORADO RIVER FLOOD PASSES HOLBROOK, ARIZONA

So Far as is Known None of the Residents of Flood-Stricken Area are in Distress Because of Lack of Food and Clothing.

Holbrook, Ariz., April 16.—With the destruction of three bridges yesterday and today the Little Colorado river flood, which washed away three reservoir dams and drowned eight persons near St. Johns, passed this point tonight. No further damage was reported and proffers of aid from Phoenix the state capital elicited the response that so far as known none of the 3,000 residents of the flood swept area is in distress because of a lack of food or clothing. The crest of the flood has passed westward toward Winslow and Santa Fe, officials at that point tonight were guarding a bridge three miles east of the town.

## VILLA TROOPS LEAVE MATAMOROS FOR CELAYA

### GENERAL FUNSTON RECEIVES REPORT THAT FORCES HAVE STARTED

Indicates That the 5,500 Troops of Gen. Rodriguez Have Been Called to Assist Villa in His Campaign Against Obregon.

Brownsville, Texas, April 16.—A report that the Villa troops which have been besieging Matamoros for more than two weeks had started for Celaya was received tonight by Major General Frederick Funston. The report indicated that the 5,500 troops of General Jose Rodriguez had been called back to assist General Villa in his campaign against General Obregon.

Call All Available Troops. El Paso, Texas, April 16.—All available Villa troops were reported today as being rushed to assist in checking General Obregon's advance north along the line of the Mexican Central railroad.

Mobile groups were said to have been ordered into central Mexico from Tepic state on the west coast and from the northeast where the Villa army has been attacking Matamoros and investing the port of Tampico. General Angeles, Villa's second in command, already has reached Terreon from Monterey. Advances from Mexico City today said that all was prepared at the capital to move the Villa-Zapata convention government to Chihuahua City.

Confirmation is Lacking. Washington, April 16.—Confirmation was lacking at the state department tonight of the victory claimed by Carranza officials here and in Vera Cruz to have been won by General Obregon over General Villa's forces near Celaya. The Carranza claims were officially reported from Vera Cruz but advices from various points in central Mexico indicated that the fighting was still going on.

No report was received from Villa headquarters where General Villa is in personal command of his troops.

Of the fighting today it was indicated that the severest engagement was at Salamanca, near Irapuato. The railroad between Vera Cruz and Queretaro is in almost constant use by General Obregon for the transportation of reinforcements and residents of Mexico City have been unable to get any freight. Already there is suffering in the Mexican capital from lack of food. Duval West, personal representative of President Wilson, telegraphed from Mexico City that famine threatened. Secretary Bryan forwarded Mr. West's telegram to American Consul Silliman at Vera Cruz with instructions to present it to General Carranza and impress upon the latter the necessity for opening the railroad to Mexico City for the transportation of food supplies.

The Zapatistas are operating along the same railroad and there are fears in Vera Cruz that General Obregon's line of communication to his base in the latter place may be cut at any moment.

## ARBITRATION BOARD TO OFFER SERVICES IN CHICAGO STRIKE

It is Estimated 125,000 Wage Earners are Made Jobless—Lockout and Strike Ties up Operations on \$30,000,000 Worth of Work.

Chicago, April 16.—Governor E. F. Dunne ordered members of the state board of arbitration today to offer their services to Chicago building trades workmen and their employers in the interests of industrial peace. A call was issued immediately for a meeting of the board to be held Monday.

The strike order issued by the carpenters' district council, which became effective at the close of work yesterday was followed today by a retaliative measure in the form of a lockout directed at 16,000 carpenters engaged in construction work all over Cook county. The lockout debarred the union carpenters from work on 4,000 buildings which are being erected by 1,200 contractors who are pledged and bonded to maintain their stand until every union in the structural trades comes to terms. The terms include an anti-strike agreement covering a period of three years. The union leaders declared tonight that the strike would not end until the demands of the men for an increase in wages of five cents an hour has been granted.

It was estimated that 125,000 wage earners in Chicago were made jobless today, for the lockout and strike tied up operations on \$30,000,000 worth of work. Besides the total of 60,000 unionists of various branches of the building trades at least 60,000 more men and women in shops and mills that furnish material for buildings were laid off.

## REPORT SIXTH CASE OF BUBONIC PLAGUE

Washington, April 16.—The sixth case of bubonic plague at Havana, Cuba, since the present outbreak began, was reported today to the public health service. The message stated that the new case was from the original plague focus and not a new outbreak.

## FORMER SENATOR N. W. ALDRICH DIES AT HIS HOME IN NEW YORK

Was for Years Prominent in Republican Political Circles—Was Called "the general manager of the United States."

New York, April 16.—Nelson W. Aldrich, former United States senator from Rhode Island and for years prominent in Republican political circles, died at his home here today.

Nelson Wilmarth Aldrich held a seat in the United States senate continuously from 1881 to 1911. The influence exerted by him on government affairs was best illustrated by the fact that when he was sarcastically introduced to an audience as "the general manager of the United States," that appellation lived through the administrations of McKinley, Roosevelt and Taft.

War Great Parliamentarian. Probably the greatest parliamentarian that ever served in the senate, Mr. Aldrich had no difficulty in maintaining leadership of his veterans as a "committee" senator. He was quite as much at home in the floor and naturally was more in evidence in the larger arena. While he gave special attention to the tariff and financial legislation in committee, on the senate floor his ear was open for all that was said on any subject of general importance. He seldom failed to participate in the discussion of any measure affecting government policies.

Naturally Mr. Aldrich's long-continued supremacy in the councils of his party and in directing legislation caused him to become the subject of much adverse criticism. He was charged with bossism and with being the tool of the "interests." Whether or not this was true in the main, it can be said in fairness that some of these assertions gained and held currency because it was his policy never to defend himself against published attacks. He rarely permitted himself to be quoted by the press.

Born in Foster, R. I. Born in Foster, R. I., Nov. 6, 1841, he first appeared in public office as member of the common council in the city of Providence. He was elected to the Rhode Island assembly in 1875, and four years later sent to congress. After two sessions he was elevated to the senate, as successor to General Ambrose E. Burnside.

Having begun his career as a business man, Senator Aldrich continued throughout his public service to display business-like methods and extraordinary capacity for organization. Upon his election to the senate, he was immediately made chairman of the committee on rules, and a member of the committee on finance and inter-state commerce. Later as chairman of the finance committee he was called upon to assume a large share of the responsibility for all tariff and financial legislation before the senate. He participated in the preparation of no fewer than six revisions of the tariff and bore the burden of labor later sent to congress. The Payne-Adams tariff act was engineered through the senate by him after many weeks of skillful maneuvering and hard fighting.

Funeral to be Sunday. The funeral services for the late Senator Aldrich will take place at Grace church in Providence, R. I., at three o'clock on Sunday afternoon. Bishop James Dewey Perry, Jr., of the Protestant Episcopal church of Rhode Island will conduct the services.

Burial will be in Swan Point cemetery, Providence. The body will be sent to Providence at ten o'clock on Sunday morning.

## GARRISON OPPOSES HAVING GORGEAS ACCEPT PROPOSAL

WASHINGTON, April 16.—Secretary Garrison made it plain tonight that he would be opposed to having Major General Gorgeas, surgeon general of the army, accept a proposal from the Rockefeller Foundation to go to Serbia to fight typhus fever unless the officer should resign his commission in the army.

Mr. Garrison takes the position that should General Gorgeas go to Serbia as a retired officer, in which capacity he still would be under the jurisdiction of the war department, a situation would be created which easily may lead to trouble. The avoidance of any such situation, Mr. Garrison added, has been his steady purpose in dealing with army officers sent to Europe since hostilities began.

## CHARGE VIOLATION OF F. AND M. QUARANTINE

Freeport, Ill., April 16.—Albert Mann, a farmer of Winslow, Ill., was arrested today by a deputy United States marshal for an alleged violation of the foot and mouth quarantine.

The specific charge against Mann is that he hauled 68 hogs from Winslow, Ill., to South Wayne, Wis., on January 23th.

At that time Winslow was in quarantine. Mann was held to the federal grand jury under bonds of \$500.

## SIGNS LARGE WAR ORDER.

Richmond, Va., April 16.—The American Locomotive company announced at its Richmond works today that it had signed a contract for the manufacture of 2,500,000 shrapnel and high explosive shells and that the work would be divided between its Dundick and local Detroit plants. Another contract it was stated covered an order for several million cartridge cases.

From whom the orders came was not revealed.

## TO PROBE REPORTS OF JAPANESE ACTIVITY IN MEXICAN WATERS

### STORIES STATE JAPAN HAS NAVAL BASE IN LOWER CALIFORNIA

United States Officials Wish to Learn Exactly What Use Belligerent Warships are Making of Mexican Territorial Waters—Daniels Telegraphs to Howard.

Washington, April 16.—While inclined to credit reports that Japan had established a naval base at Turtle Bay, Lower California, United States officials today instituted an investigation with the idea of learning exactly what use the belligerent warships were making of Mexican territorial waters.

Telegraphs to Howard. Secretary Daniels telegraphed Rear Admiral Howard of the Pacific fleet the substance of the published stories and asked him to ascertain whether there was any foundation for them. Secretary Bryan has received no information from the American consuls in Lower California to the effect that the Japanese intended to establish a naval base there, but it is understood he will communicate the press reports to them with a request for any facts that may bear on the subject.

Enrique C. Llorente, Washington representative of General Villa, telegraphed Estevan Cantu, military governor of Lower California which is controlled by the Villa faction, to make an investigation of the situation. Commander Nomura, naval attaché of the Japanese embassy, called informally on navy department officials today and assured them that there was no truth in the reports that any attempt was being made to establish a permanent base. He is understood to have explained that the presence of the Japanese warships was due entirely to the accident to the cruiser Asama which ran aground there recently.

There was informal discussion of the Turtle Bay situation at today's cabinet meeting, but the general tendency was to discredit reports that have reached here.

Cabinet officers who are in touch with Americans wrecking companies attempting to float the Asama pointed out that the vessel was fast in the mud, almost to her decks. Navy officers who have given attention to the subject say it would not be surprising if the Asama was never floated.

The published reports, however, attracted wide attention among diplomats and officials. The fact that British colliers were assisting the Japanese warships convinced high officials that there could be no foundation to the idea that any movement was on foot to establish a permanent naval base.

Should it develop that the British and Japanese vessels were actually using Mexican waters as a temporary base of supplies it is considered possible that the attention of the Mexican authorities may be called to it by the Washington government and the matter also brought to the attention of Great Britain and Japan.

Are Engaged to Save Cruiser. New York, April 16.—General Estevan Cantu, military governor of Lower California sent a telegram to Francisco Urquidí, consul general here for the provisional government of Mexico, giving the result of his investigation of reports that Mexican neutrality is being violated by the operations of Japanese naval forces in Turtle Bay, Lower California. The telegram follows:

"According to information I have received from Mexican ships are in the grounded Cruiser Asama. The reported mines are nothing but small buoys showing the place of anchors and works of flotation. The encampments reported by the press are fishing camps."

## UMPIRE TAKES PISTOL FROM ASSAILANT; DRIVES HIM OUT

LOS ANGELES, Calif., April 16.—El Monte and Irwindale, suburban baseball nines, began hunting here today for somebody who would be umpire but found no candidates. After an umpire had been chased out of yesterday's game John Hayes, a rancher, undertook the position and upon announcing his first decision was shot twice in the breast by a spectator who had bet on El Monte. Hayes called time, rushed upon his assailant and took the weapon away with which he drove the man from the field. He then finished the game but declined to officiate in any more. He was not dangerously hurt.

A vote for the proposed lower salary ordinance will mean support for a measure placing salaries at a figure where the next mayor and commissioners cannot afford to devote their time to the duties of office. "The laborer is worthy of his hire" and the proposed salaries are too low.

By agreement of counsel for both sides, the \$50,000 libel suit brought by William Barnes against former President Theodore Roosevelt will begin on Monday. The suit is the result of the continued charges made by the Colonel in his campaigns alleging crookedness in "Boss" Barnes' control of Republican politics in New York State. Little has been heard from Mr. Roosevelt for a number of months past and the general public had forgotten all about this suit. It may be that the proceedings will stir up politics in New York and there is the other possibility that the suit may be prosecuted only in a quiet sort of way.

#### An Important Anniversary.

This is a date that will forever stand out boldly in the memory of Capt. J. M. Swales. Just fifty years ago today he was released from Andersonville prison. Some idea of the horrors of the place can be gained from the fact that he weighed 135 pounds when he went in as a prisoner and 88 pounds when he came out. The suffering of those days were so terrible that Capt. Swales was unwilling to talk about them until recent years. Stories of war sorrows reach us now from abroad and serve to emphasize the blessedness of peace but somehow they cannot touch us in the personal way that those annals of the great rebellion do. We cannot do too much honor to men that "saved the union" and bore the burdens of the great conflict and none were called upon to perform more arduous service than Capt. Swales.

#### A Deserved Punishment.

Probably mob rule should never be commended, but one is tempted to give approval to the work of a "gang" of forty men in a Pennsylvania country community recently which switched a man with thorns because he failed to provide for his family.

According to a dispatch from Somerset, Pa. George Berndt, a well to do farmer was taken from the residence of his father by a party of men and thrashed with thorn switches. The leader of the party told Berndt that the punishment was administered because it was charged he did not provide for his wife and five children.

Berndt, the day following, visited a justice of the peace in an effort to obtain warrants for the arrest of the men, many of whom were said to be leading residents of Lincoln township.

#### Nelson W. Aldrich Dead.

Nelson W. Aldrich as a member of the Rhode Island legislature for six years and of the U. S. senate for thirty years performed arduous public duties. He was termed the greatest parliamentarian in senate and for practically all of his terms there had important committee leadership. He participated in at least six tariff revisions and his studies were particularly along tariff and financial lines and he came to be accounted as possibly the leading financial authority of the country. The currency bill he proposed as about his last important official act occasioned an immense amount of criticism for him and the Republican party. He was accused of seeking to frame a policy which would show special favors to the east and to capital as opposed to other sections of the country and to the common people. Those near him believed in the sincerity of his purpose to benefit the whole country. Senator Aldrich was a big, brainy man and while he could possibly not be classed as "a man of the people" he was nevertheless a man who had few equals in the senate and who performed a vast amount of valuable labor for the country as a whole.

Editor Journal:

In your editorial of Thursday you seem to criticize Supt. Collins for his interest in the school election. Why do you not with equal hostility criticize the agent of the American Book company for his undue interest in the selection of a superintendent of schools in Jacksonville. I regard Supt. Collins' statement, which I have carefully read throughout, as remarkably free from feeling, and as calling loudly for an answer.

Untruths are usually expressed in general terms but the minute details of Supt. Collins' statement cause one instinctively to have great faith in what he says. If what he says is true he is entitled to commendation instead of

criticism, for giving the facts to the public.

If what he says is not true, I for one (and there are many others) would be glad to have the Journal show wherein he has made mistakes.

When the Journal has done this much, for the sake of fairness, then it will be time enough to listen to the Journal's editorial advice.

Yours truly,  
Jas. H. Danskin.

### OSCAR STRAUS STATES THAT EUROPE NEEDS A LINCOLN

Calls on Secretary Bryan But Declares His Visit Had no Especial Significance.

Washington, April 16.—Oscar Straus of New York, American representative at The Hague tribunal, called on Secretary Bryan today but declared his visit had no especial significance.

He was in Washington to attend the meeting of the Carnegie peace foundation. "The United States government," said Mr. Straus, "is waiting for a cessation of hostilities in Europe in a mood of impartiality and neutrality. It does not matter what the dictates of the heart may be or our pity or sympathy lie, the government follows the cold equities and is neutral."

The one thing needed to bring salvation to the struggling nations, Mr. Straus asserted is a "Peace Hero" with the moral courage to make a stand "with malice toward none and charity toward all." "Europe needs a Lincoln," he said, "a man brave in the cause of peace than any European leader of today is brave in the cause of war. These nations must realize that six months hence if they continue fighting they will find themselves no nearer their respective goals than now and only six months the worse in dead and maimed."

### CONSIDERS PLAN FOR CREATION OF A MARKETING COMMISSION

Washington, April 16.—The administration has under consideration, it was learned tonight, a proposal for the creation of a national marketing commission to devise a better system for the distribution of agricultural products; investigate conditions of warehousing throughout the country and to work out all problems affecting the nation's food supply and demand.

While no definite plan of action has been reached several members of congress and officials of the department of agriculture are co-operating in a movement looking toward the establishment of such a commission. What is desired immediately is definite information on which to base legislation at the next session of congress. The attention of President Wilson has been called to this question with the hope that he will appoint an advisory board to study conditions and suggest legislation. Although the president has made no announcement it is known that he is giving the subject serious consideration.

### ARREST CONDUCTOR OF CAR WRECKED IN COLLISION

DETROIT, Mich., April 16.—Geo. Asam, conductor of the street car which was wrecked last Wednesday night in collision with a freight train at a grade crossing in this city with a loss of fifteen lives, was arrested late today on orders from the prosecuting attorney. He is charged with manslaughter.

The prosecutor declined to state the nature of the evidence on which his action was based but it was learned that several eye-witnesses of the accident have told the prosecutor that Asam who ran ahead of his car to see if the track was clear, signalled his motorman to come ahead without actually looking up and down the railroad to make sure there was no train approaching.

### DELEGATION FROM ANTI-SALOON LEAGUE CALLS ON GARRISON

WASHINGTON, April 16.—A delegation from the anti-saloon league called upon Secretary Garrison at the war department today causing comment, which increased when the secretary declined to make public the reason for the call. The secretary afterward explained however, that the delegation had not, even in its own judgment, sufficiently established the facts it wished to present. Rumor had it that there was an effort afoot to introduce in the army regulations similar to those which Secretary Daniels has applied to the navy. The prohibition of the use of any intoxicants at military posts even in the shape of wines at the tables of officers' families, was said to have been urged.

### TREATED AS ORDINARY MILITARY PRISONER.

Washington, April 16.—The thirty-nine British officers confined in military detention barracks in Germany, presumably in retaliation for reported treatment in England of captured crews of German submarines, are treated as ordinary military prisoners. Ambassador Gerard informed the state department today transmitting the result of the inquiry solicited by Great Britain.

### FINDS RYAN NOT GUILTY.

Waterloo, Iowa, April 17.—A verdict of not guilty was returned in district court at 12:30 this morning (Saturday) in the case of State of Iowa vs. J. T. Ryan, in which the defendant was charged with embezzlement while employed as local station agent for the Chicago, Rock Island railroad. This was the second trial of the case, the first trial resulting in a disagreement.

### WOMEN IN THE NEWS.

Tokio, Japan.—A long and bitter fight by an American society woman to regain possession of her beautiful daughter, who had been kidnapped from Boston and taken to Japan by the child's father will end in the courts of Japan. On next Saturday a hearing will be given the petition of Mrs. John Ellis of Boston, for possession of her seven-year-old daughter, Olga, now in custody of her father, John Ellis.

Some years ago the Ellis family came into the American limelight. Ellis, who had been a telegraph operator, a stock broker and a minister, was sued by his wife, for possession of their little daughter. The courts awarded the girl to the mother. Suddenly leaving his parish and his friends, Ellis seized the little girl and brought her to Japan. The mother traced them to Tokio, and when she tried to gain possession of her daughter, the police interfered. Mrs. Ellis in her court petition bases her allegation on the decision of the Massachusetts courts which gave her the child.

Washington.—Whether the United States law of 1907 which expatriates American women who marry foreigners applies in her case, is being tested by Mrs. Ethel C. Mackenzie of San Francisco in the Supreme court. She was denied the right to vote on the ground that she had lost her American citizenship by marrying a subject of Great Britain living in California. Her argument is that Congress cannot, merely because she was entered into marriage, take away her citizenship as long as she remains in the United States. She argues that husband and wife can no longer be considered as politically one, with their identity merged into one, and that the husband's.

San Francisco.—"Teddy" is not the only one who changes the atlas with his discoveries. Mrs. Julia W. Henshaw of Vancouver, now lecturing here, has added a range of mountains a lake, a couple of canyons and a stream which she declares is not a "river of doubt" to the map of Canada. Incidentally she is said to be the only feminine Fellow of the Royal Society. Her love of flowers, forest, streams and the out of doors generally has led her into strange regions.

Washington.—The Congress of the Daughters of the American Revolution, which convenes here next Monday, will lack none of the traditional thrills. For the contest for the presidency has its usual keenness, two separate factions backing Mrs. William Cumming Story of New York, the incumbent, and Mrs. Geo. T. Guernsey of Kansas. Mrs. Story's campaign for re-election is based on the courtesy of a second term, while Mrs. Guernsey's friends point out that Mrs. Story herself entered the lists against a first-term president-general some years ago.

London.—That the English and French women will ignore the Women's Peace Congress which assemblies at The Hague on April 28th, under the leadership of Jane Addams of Chicago, is indicated by the attitude of Mrs. Emmeline Pankhurst and other suffrage leaders. Mrs. Pankhurst makes the claim that the Congress was inspired by pro-German interests. Whether the French and English women will recede from this view and join the Congress, at the request of the American women, is still in doubt.

Seattle, Wash.—Called to the pulpit which her son recently vacated to accept charge of a church in California, Mrs. W. T. D. McCullough, Seattle's first female member of the ministerial federation, has been officially installed as pastor of the Second Baptist church. At her opening service she baptized six candidates. Mrs. McCullough formerly lived in New York.

Ann Arbor, Mich.—Miss Frances Hecok of Plawell, Mich., will represent the University of Michigan in the Northern Oratorical league contest at Iowa City, on May 7th. She is the first woman chosen to represent the University of Michigan in a contest of this sort. The oration that won this honor was entitled: "The Mission of the New Womanhood."

### ADVISES STEADY WORK FOR FOREIGN TRADE

San Francisco, Calif., April 16.—Before sailing tomorrow for a long tour through Siberia to the Russian capital, Hon. Henry D. Baker, United States commercial attaché to Russia, declared that it takes steady work to get foreign trade, that trade marks are useful, and that producers and bankers should co-operate in developing the foreign field. Mr. Baker was formerly consul at Bombay, India. He will make a series of stops in Siberia and a long stop at Moscow before establishing his headquarters in Petrograd. The results of his work there may open up limitless opportunities for American manufacturers.

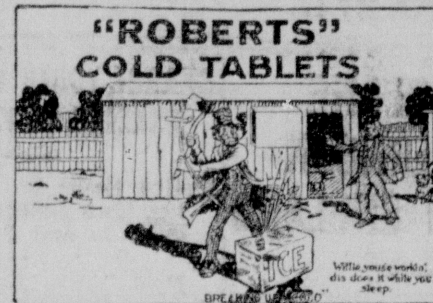

"Many of our American manufacturers," he says, "are disposed to regard foreign trade merely as a makeshift, to be used in a pinch. When business gets dull at home, then they want to sell abroad. As a result, they are frequently disappointed. Trade with foreign countries is not to be obtained in that way. It must be cultivated constantly. The customers must be educated to the value of American goods, in India the natives know the goods by the pictures on the packages."

Mr. Baker believes that bankers should co-operate in the contest for foreign business. He said that depots or show places for the exhibition of American goods should be established in all alien lands whose trade is worth cultivating.

THE WORLD AT WAR

The papers are full of stories of European war and every man you meet discusses the conflict now raging among the great powers of Europe. Here is your opportunity to see the existing conditions. The story is in five long reels.

Of this massive production, the Moving Picture World said, "It seems difficult to believe that this is not the real war itself instead of the pictures; it is so realistic. \* \* \* With many achievements in the particular line of dramatic motion picture work to its credit, the Kalem company has in this, its latest production, surpassed itself. As a military spectacle surely this feature has never been equaled in contemporaneous cinematography."

At the chapel hour Friday morning of the Woman's college it was announced that Miss Winifred Robison, daughter of Mr. and Mrs. Fred Robison of Timewell, Ill., was the winner of the contest for the words of a new college song. Miss Robison is a member of the sophomore class.

The following are the verses: Beloved college of women, Our college,

Ours ever her Faith, Service, Knowledge,

Her standards are ours, her courage to do.

Her loyalty fine, her purpose true, Her past and her present, her future are ours,

Hers are our minds, our talents, our powers.

Chorus. Beloved college of Women, Our college,

Ours ever her Faith, Service, Knowledge,

We stand by her side, Her record our pride,

And hail her our own Woman's college.

Second Verse. Beloved college of Women, We love her.

No other school stands above her, Her name is known far—the length of the land,

By strength of her friendships and unsevered band,

And through the years to her Faith, Service, Knowledge,

We'll ever be true and loyal—Our College.

LISTEN—We place on sale today 100 lbs. chocolates, regular 40c value, to sell at 25c the lb. After this lot is sold the sale will stop at Merrigan's.

**SPRINGFIELD BAPTIST ASSOCIATION CLOSING ANNUAL MEETING FRIDAY**

Sessions in Second Baptist Church Are Well Attended and Much Interest Manifest in Proceedings of District Delegates—The New Officers.

A banquet and reception to delegates at Armory hall Friday evening closed the sessions of the Springfield association district meeting in session for two days at the Second Baptist church. At the church Friday evening, the Rev. J. A. Crockett of Decatur Antioch church gave the sermon, taking for a text, "Be thou faithful unto death." Short addresses were made by Mrs. Hattie McTier and by Dr. A. H. Kennebrev. Music was furnished by the juvenile choir and by a trio consisting of Misses Frances McDaniel and Blonora Lafayette and Master Clyde Jackson.

Round table talks, led by Rev. Mr. Chappelle, were first on program at the afternoon session Friday and these were followed by a paper by Mrs. Emma Goin. Comment was offered by Mrs. Hall of Springfield, the Rev. S. C. Manual and the Rev. H. H. DeWitt. Mrs. Carl Spencer sang a vocal solo after which the following officers were recommended and chosen for the year ensuing:

President—Mrs. Laura Lafayette. Vice president—Mrs. Hattie B. McTier.

Secretary—Mrs. Consens. Treasurer—Mrs. Henry Pettit.

The nominating committee was composed of Mrs. Martha Pettit, Mrs. L. B. Morse, Mrs. J. Crummel and Rev. Mr. Crockett.

Success in Sunday school work was the theme of the Rev. S. C. Manual at the opening of the forenoon session. Reports were then given by the following B. Y. P. U.'s: Springfield New Hope, Decatur Antioch, Pleasant Grove.

Mrs. Laura Lafayette, the district president, gave her annual address, after introduction by the Rev. W. H. Carter of Springfield. The Rev. E. L. Scruggs, pastor of Mt. Emory, Jacksonville, opened the discussion, asserting that the Bible school is not for children alone but for older people as well. There is no book as great or greater for moral influence as the Bible. Sunday school work must not be divorced from the church as its educational value is greater than any one agency outside the church. The best is accomplished by sticking close to the Bible in all Sunday school teaching.

Mrs. J. W. Muse spoke of her love of the Bible school and expressed the intention of remaining in the work until age interfered.

The educational value of the Sunday school was the theme of an interesting talk by the Rev. J. J. Chappelle of Pleasant Grove. "To educate means to train up, prepare, or make ready." Knowing each thing well is one of the essentials in successful Sunday school work.

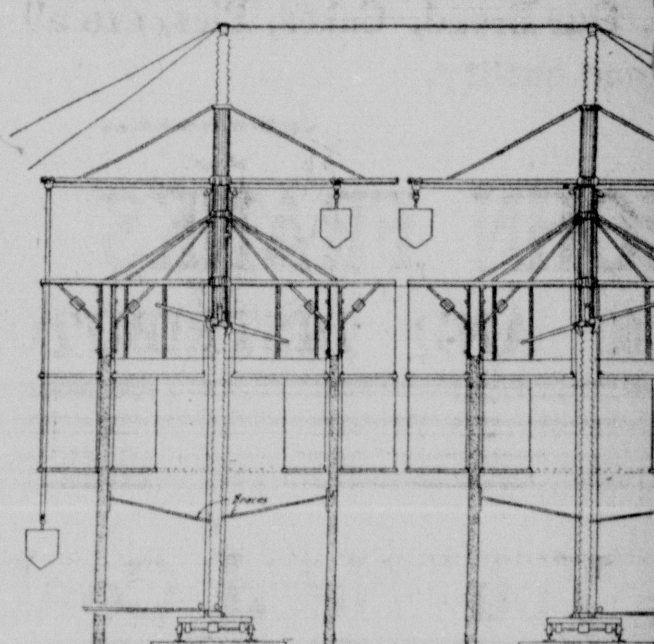

The minister said. He admonished Sunday school teachers to study the character of each pupil individually.

The Rev. H. H. DeWitt spoke of the delegates of the Second Baptist church and its work. Although the outlook at first was gloomy, the church after five years of growth is showing many signs of prosperity.

A debt of \$5,000 has been almost paid off, the church having now obligations to the extent of \$1,600.

A long distance telephone message was received from the Rev. T. L. Smith stating that owing to serious illness of his wife, he could not attend the institute. The institute stood in silent prayer on behalf of Mrs. Smith and the Rev. S. C. Manual offered a few words of prayer on behalf of the delegates. Rev. Mr. Chappelle dismissed the audience until the afternoon session.

A vote for the proposed lower salary ordinance will mean support for a measure placing salaries at a figure where the next mayor and commissioners cannot afford to devote their time to the duties of office. "The laborer is worthy of his hire" and the proposed salaries are too low.

By agreement of counsel for both sides, the \$50,000 libel suit brought by William Barnes against former President Theodore Roosevelt will begin on Monday. The suit is the result of the continued charges made by the Colonel in his campaigns alleging crookedness in "Boss" Barnes' control of Republican politics in New York State. Little has been heard from Mr. Roosevelt for a number of months past and the general public had forgotten all about this suit. It may be that the proceedings will stir up politics in New York and there is the other possibility that the suit may be prosecuted only in a quiet sort of way.

#### An Important Anniversary.

This is a date that will forever stand out boldly in the memory of Capt. J. M. Swales. Just fifty years ago today he was released from Andersonville prison. Some idea of the horrors of the place can be gained from the fact that he weighed 155 pounds when he went in as a prisoner and 83 pounds when he came out. The suffering of those days was so terrible that Capt. Swales was unwilling to talk about them until recent years. Stories of war sorrows reach us now from abroad and serve to emphasize the blessedness of peace but somehow they cannot touch us in the personal way that those annals of the great rebellion do. We cannot do too much honor to men that "saved the union" and bore the burdens of the great conflict and none were called upon to perform more arduous service than Capt. Swales.

#### A Deserved Punishment.

Probably mob rule should never be commended, but one is tempted to give approval to the work of a "gang" of forty men in a Pennsylvania country community recently which switched a man with thorns because he failed to provide for his family.

According to a dispatch from Somerset, Pa. George Berndt, a well-to-do farmer was taken from the residence of his father by a party of men and thrashed with thorn switches. The leader of the party told Berndt that the punishment was administered because it was charged he did not provide for his wife and five children.

Berndt, the day following, visited a justice of the peace in an effort to obtain warrants for the arrest of the men, many of whom were said to be leading residents of Lincoln township.

#### Nelson W. Aldrich Dead.

Nelson W. Aldrich as a member of the Rhode Island legislature for six years and of the U. S. senate for thirty years performed arduous public duties. He was termed the greatest parliamentarian in senate and for practically all of his terms there had important committee leaderships. He participated in at least six tariff revisions and his studies were particularly along tariff and financial lines and he came to be accounted as possibly the leading financial authority of the country.

The currency bill he proposed as about his last important official act occasioned an immense amount of criticism for him and the Republican party. He was accused of seeking to frame a policy which would show special favors to the east and to capital as opposed to other sections of the country and to the common people. Those near him believed in the sincerity of his purpose to benefit the whole country. Senator Aldrich was a big, brainy man and while he could possibly not be classed as "a man of the people" he was nevertheless a man who has few equals in the senate and who performed a vast amount of valuable labor for the country as a whole.

#### Communicated.

Editor Journal:  
In your editorial of Thursday you seem to criticize Supt. Collins for his interest in the school election. Why do you not with equal hostility criticize the agents of the American Book company for his undue interest in the selection of a superintendent of schools in Jacksonville. I regard Supt. Collins' statement, which I have carefully read through, as remarkably free from feeling and as calling loudly for an answer.  
Untruths are usually expressed in general terms but the minute details of Supt. Collins' statement cause one instinctively to have great faith in what he says.  
If what he says is true he is entitled to commendation instead of

criticism, for giving the facts to the public.

If what he says is not true, I for one (and there are many others) would be glad to have the Journal show wherein he has made misstatements.

When the Journal has done this much for the sake of fairness, then it will be time enough to listen to the Journal's editorial advice.

Yours truly,  
Jas. H. Danskin.

### OSCAR STRAUS STATES THAT EUROPE NEEDS A LINCOLN

Calls on Secretary Bryan But Declares His Visit Had No Especial Significance.

(Washington, April 16.—Oscar Straus of New York, American representative at The Hague tribunal, called on Secretary Bryan today but declared his visit had no especial significance.

He was in Washington to attend the meeting of the Carnegie peace foundation.

"The United States government," said Mr. Straus, "is waiting for a cessation of hostilities in Europe in a mood of impartiality and neutrality. It does not matter what the dictates of the heart may be or our pity or sympathy lie, the government follows the cold equities and is neutral."

The one thing needed to bring salvation to the struggling nations, Mr. Straus asserted is a "Peace Hero" with the moral courage to make a stand "with malice toward none and charity toward all."

"Europe needs a Lincoln," he said, "a man braver in the cause of peace than any European leader of these nations must realize that six months hence if they continue fighting they will find themselves no nearer their respective goals than now and only six months the worse in dead and maimed."

### CONSIDERS PLAN FOR CREATION OF A MARKETING COMMISSION

(Washington, April 16.—The administration has under consideration, it was learned tonight, a proposal for the creation of a national marketing commission to devise a better system for the distribution of agricultural products; investigate conditions of warehousing throughout the country and to work out all problems affecting the nation's food supply and demand.

While no definite plan of action has been reached several members of congress and officials of the department of agriculture are co-operating in a movement looking toward the establishment of such a commission. What is desired immediately is definite information on which to base legislation at the next session of congress. The attention of President Wilson has been called to this question with the hope that he will appoint an advisory board to study conditions and suggest legislation. Although the president has made no announcement it is known that he is giving the subject serious consideration.

### ARREST CONDUCTOR OF CAR WRECKED IN COLLISION

(DETROIT, Mich., April 16.—Geo. Asam, conductor of the street car which was wrecked last Wednesday night in collision with a freight train at a grade crossing in this city with a loss of fifteen lives, was arrested late today on orders from the prosecuting attorney. He is charged with manslaughter.

The prosecutor declined to state the nature of the evidence on which his action was based but it was learned that several eye-witnesses of the accident have told the prosecutor that Asam who ran ahead of his car to see if the track was clear, signalled his motorcar to come ahead without actually looking up and down the railroad to make sure there was no train approaching.

### DELEGATION FROM ANTI-SALOON LEAGUE CALLS ON GARRISON

(WASHINGTON, April 16.—A delegation from the anti-saloon league called upon Secretary Garrison at the war department today causing comment, which increased when the secretary declined to make public the reason for the call. The secretary afterward explained however, that the delegation had not, even in its own judgment, sufficiently established the facts it wished to present.

Rumor had it that there was an effort afoot to introduce in the army regulations similar to those which Secretary Daniels has applied to the navy. The prohibition of the use of any intoxicants at military posts even in the shape of wines at the tables of officers' families, was said to have been urged.

### TREATED AS ORDINARY MILITARY PRISONER.

(Washington, April 16.—The thirty-nine British officers confined in military detention barracks in Germany presumably in retaliation for captured crews of German submarines, are treated as ordinary military prisoners, Ambassador Gerard informed the state department today transmitting the result of the inquiry solicited by Great Britain.

#### FINDS RYAN NOT GUILTY.

(Waterloo, Iowa, April 17.—A verdict of not guilty was returned in district court at 12:30 this morning (Saturday) in the case of State of Iowa vs. J. T. Ryan, in which the defendant was charged with embezzlement while employed as local station agent for the Chicago, Rock Island and Pacific Railroad. The second trial of the case, the first trial resulting in a disagreement,

### WOMEN IN THE NEWS.

Tokio, Japan.—A long and bitter fight by an American society woman to regain possession of her beautiful daughter, who had been kidnapped from Boston and taken to Japan by the child's father will end in the courts of Japan. On next Saturday a hearing will be given the petition of Mrs. John Ellis of Boston, for possession of her seven-year-old daughter, Olga, now in custody of her father, John Ellis.

Some years ago the Ellis family came into the American limelight. Ellis, who had been a telegraph operator, a stock broker and a minister, was sued by his wife, for possession of their little daughter. The courts awarded the girl to the mother. Suddenly leaving his parish and his friends, Ellis seized the little girl and brought her to Japan. The mother traced them to Tokio, and when she tried to gain possession of her daughter, the police interfered. Mrs. Ellis in her court petition bases her allegation on the decision of the Massachusetts courts which gave her the child.

Washington.—Whether the United States law of 1907 which expatriates American women who marry foreigners applies in her case, is being tested by Mrs. Ethel C. Mackenzie of San Francisco in the Supreme court. She was denied the right to vote on the ground that she had lost her American citizenship by marrying a subject of Great Britain living in California. Her argument is that Congress cannot, merely because she was entered into marriage, take away her citizenship as long as she remains in the United States. She argues that husband and wife can in longer considered as politically one, with their identity merged into one, and that the husband's.

San Francisco—"Teddy" is not the only one who changes the atlas with his discoveries. Mrs. Julia W. Henshaw of Vancouver, now lecturing here, has added a range of mountains a lake, a couple of canyons and a stream which she declares is not a "river of doubt" to the map of Canada. Incidentally she is said to be the only feminine Fellow of the Royal Society. Her love of flowers, forest, streams and the out of doors generally has led her into strange regions.

Washington.—The Congress of the Daughters of the American Revolution, which convenes here next Monday, will lack none of the traditional thrills. For the contest for the presidency has its usual keenness, two separate factions backing Mrs. William Cumming Story of New York, the incumbent, and Mrs. Geo. T. Guernsey of Kansas. Mrs. Story's campaign for re-election is based on the courtesy of a second term, while Mrs. Guernsey's friends point out that Mrs. Story herself entered the lists against a first-term president-general some years ago.

London.—That the English and French women will ignore the Women's Peace Congress which assembles at The Hague on April 28th, under the leadership of Jane Addams of Chicago, is indicated by the attitude of Mrs. Emmeline Pankhurst and other suffrage leaders. Mrs. Pankhurst makes the claim that the Congress was inspired by pro-German interests. Whether the French and English women will recede from this view and join the Congress, at the request of the American women, is still in doubt.

Seattle, Wash.—Called to the pulpit which her son recently vacated to accept charge of a church in California, Mrs. W. T. D. MacCullough, Seattle's first female member of the ministerial federation, has been officially installed as pastor of the Second Baptist church. At her opening service she baptized six candidates. Mrs. MacCullough formerly lived in New York.

Ann Arbor, Mich.—Miss Frances Hickok of Plainwell, Mich., will represent the University of Michigan in the Northern Oratorical league contest at Iowa City, on May 7th. She is the first woman chosen to represent the University of Michigan in a contest of this sort. The oration that won this honor was entitled: "The Mission of the New Womanhood."

### ADVISES STEADY WORK FOR FOREIGN TRADE

San Francisco, Calif., April 16.—Before sailing tomorrow for a long tour through Siberia to the Russian capital, Hon. Henry D. Baker, United States commercial attaché to Russia, declared that it takes steady work to get foreign trade, that trade marks are useful, and that producers and bankers should co-operate in developing the foreign field.

Mr. Baker was formerly consul at Bombay, India. He will make a series of stops in Siberia and a long stop at Moscow before establishing his headquarters in Petrograd. The results of his work there may open up limitless opportunities for American manufacturers.

"Many of our American manufacturers," he says, "are disposed to regard foreign trade merely as a makeshift, to be used in a pinch. When business gets dull at home, then they want to sell abroad. As a result, they are frequently disappointed. Trade with foreign countries is not to be obtained in that way. It must be cultivated constantly. The customers must be educated to the value of American goods. In India the natives know the goods by the pictures on the packages."

Mr. Baker believes that bankers should co-operate in the contest for foreign business. He said that depots or show places for the exhibition of American goods should be established in all alien lands whose trade is worth cultivating.

THE WORLD AT WAR

The papers are full of stories of European war and every man you meet discusses the conflict now raging among the great powers of Europe. Here is your opportunity to see the existing conditions. The story is in five long reels.

Of this massive production, the Moving Picture World said, "It seems difficult to believe that this is not the real war itself instead of the pictures; it is so realistic." \* \* \* With many achievements in this particular line of dramatic motion picture work to its credit, the Kalem company has in this, its latest production, surpassed itself. As a military spectacle surely this feature has never been equaled in contemporaneous cinematography."

At the chapel hour Friday morning of the Woman's college it was announced that Miss Winifred Robison, daughter of Mr. and Mrs. Fred Robison of Timewell, Ill., was the winner of the contest for the words of a new college song. Miss Robison is a member of the sophomore class.

The following are the verses:

Beloved college of women, Our college,

Ours ever her Faith, Service, Knowledge,

Her standards are ours, her courage to do.

Her loyalty fine, her purpose true, Her past and her present, her future are ours,

Hers are our minds, our talents, our powers.

**Chorus.**

Beloved college of Women, Our college,

Ours ever her Faith, Service, Knowledge,

We stand by her side, Her record our pride,

And hail her our own Woman's college.

**Second Verse.**

Beloved college of Women, We love her,

No other school stands above her, Her name is known far—the length of the land,

By strength of her friendships and unsevered band,

And through the years to her Faith, Service, Knowledge,

We'll ever be true and loyal—Our College.

**ALWAYS CASH FLORETH COMPANY ALWAYS****SPRINGFIELD BAPTIST ASSOCIATION CLOSING ANNUAL MEETING FRIDAY**

Sessions in Second Baptist Church Are Well Attended and Much Interest Manifest in Proceedings of District Delegates—The New Officers.

A banquet and reception to delegates at Armory hall Friday evening closed the sessions of the Springfield association of district baptists in session for two days at the Second Baptist church. At the church Friday evening, the Rev. J. A. Crockett of Decatur Antioch church gave the sermon, taking for a text, "Be thou faithful unto death." Short addresses were made by Mrs. Hattie Mettler and by Dr. A. H. Kennebrew. Music was furnished by the juvenile choir and by a trio consisting of Misses Frances McDaniel and Elvora Lafayette and Master Clyde Jackson.

Round table talks, led by Rev. Mr. Chappelle, were first on program at the afternoon session Friday and these were followed by a paper by Mrs. Emma Goin. Commencement was offered by Mrs. Hall of Springfield, the Rev. S. C. Manual and the Rev. H. H. DeWitt. Mrs. Carl Spencer sang a vocal solo after which the following officers were recommended and chosen for the year ensuing:

President—Mrs. Laura Lafayette. Vice president—Mrs. Hattie B. Mettler.

Secretary—Mrs. Consens. Treasurer—Mrs. Henry Pettit.

The nominating committee was composed of Mrs. Martha Pettit, Mrs. L. B. Morse, Mrs. J. Crummel and Rev. Mr. Crockett.

Success in Sunday school work was the theme of the Rev. S. C. Manual at the opening of the forenoon session. Reports were then given by the following B. Y. P. U.'s: Decatur Antioch, Pleasant Grove.

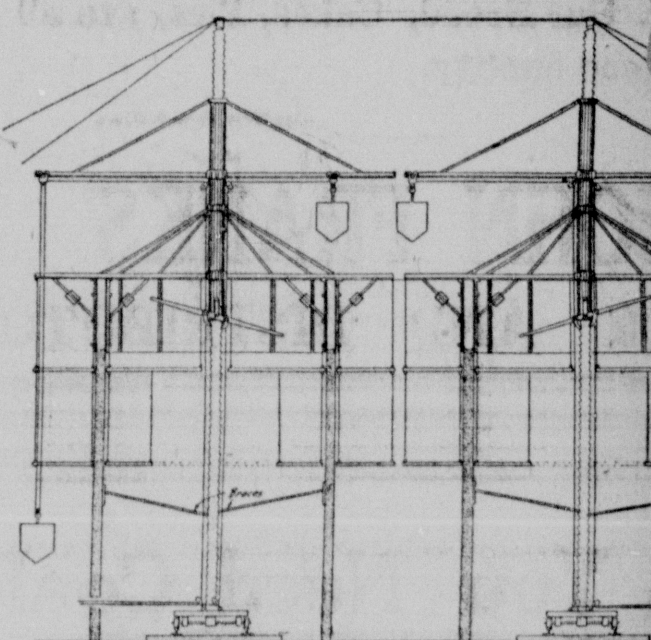

Mrs. Laura Lafayette, the district president, gave her annual address, after introduction by the Rev. W. H. Carter of Springfield. The Rev. E. L. Scruggs, pastor of Mt. Emory, Jacksonville, opened the discussion, asserting that the Bible school is not for children alone but for older people as well. There is no book or great or greater for moral influence as the Bible. Sunday school work must not be divorced from the church as its educational value is greater than any one agency outside the church. The best is accomplished by sticking close to the Bible in all Sunday school teaching.

Mrs. J. W. Muse spoke of her love of the Bible school and expressed the intention of remaining in the work until age interfered. The educational value of the Sunday school was the theme of an interesting talk by the Rev. J. J. Chappelle of Pleasant Grove. "To educate means to train up, prepare, or make ready." Knowing each thing well is one of the essentials in successful Sunday school work, the minister said. He admonished Sunday school teachers to study the character of each pupil individually.

The Rev. H. H. DeWitt spoke of the delegates of the Second Baptist church and its work. Although the outlook at first was gloomy, the church after five years of growth is showing many signs of prosperity. A debt of \$5,000 has been almost paid off, the church having now obligations to the extent of \$1,600.

A long distance telephone message was received from the Rev. T. L. Smith stating that owing to serious illness of his wife, he could not attend the institute. The institute stood in silent prayer on behalf of Mrs. Smith and the Rev. S. C. Manual offered a few words of prayer on behalf of the delegates. Rev. Mr. Chappelle dismissed the audience until the afternoon session.

### FARMERS GET INVENTION FREE

Valuable Machine Devised by Prof. H. D. Hughes for Dealing With Hard Seeds Given to the Public.

A machine just perfected by Prof. H. D. Hughes of the Iowa Agricultural experiment station and given to the public, promises to save farmers millions of dollars that have been lost because of the failure of so large a percentage of clover and other leguminous seeds to germinate. This machine, in many instances, has brought clover and alfalfa seed from a germination of 5 per cent to 90 per cent.

The hard character of the seed coat in leguminous seeds has always been a handicap. When put in the ground, moisture fails to get through this coating, with the result that most of the seed soon lies dormant. Many efforts have been made to solve this difficulty, but in vain, until Prof. Hughes succeeded in eliminating it. His machine is constructed so that individual seeds are scratched deeply enough to give the moisture a chance to get in and make them germinate when they are sown. The machine when manufactured, can be put on the market at a moderate price so that any farmer who grows any considerable amount of clover or alfalfa can well afford to have one. This machine is being patented in the name of the people and will be an absolutely free gift to them.

Several thousand pounds of seed were treated for individual farmers with the machine at Ames. One man who sent in 3,000 pounds of sweet clover seed, said that before treatment the germination was about 50 per cent; after treatment it was 90 per cent. An Iowa farmer wrote that he used only 5 pounds per acre of treated sweet clover seed, from which he secured a perfect stand; whereas the usual rate of seeding ranges from 15 to 20 pounds per acre, with many unsatisfactory stands resulting because of uncertain germination. "Better Iowa", Ames, Ia.

### MEMORIAL OF LINCOLN

Abraham Lincoln, the martyr president of the United States was shot by J. Wilkes Booth at Ford's theatre, Washington, D. C., on April 14, 1865, and died the following day, aged 56 years.

Through the courtesy of Louis J. Shams of the pension office in the Unity building the Journal is enabled to present this morning a memorial which first appeared in the Buffalo, (N. Y.) Express on April 16, 1865, just half a century ago. Friday morning, the day succeeding the sad day when the spirit of the well beloved Lincoln was summoned from earth.

"To the memory of Abraham Lincoln, president of the United States of America, who died a martyr to his country, falling under the hands of a traitor assassin, on the night of the 14th day of April 1865. The fourth anniversary of the beginning of the great war of Rebellion, through which he had led the nation to a glorious triumph. Just completed, when the dastardly revenge of vanquished threaten was wrought in his monstrous murder.

The great republic loved him as its father, and revered him as the preserver of its national life. The oppressed people of all lands looked up to him as the appointed of Liberty, and hailed in him the consecrated leader of her cause.

He struck the chains of slavery from four millions of a despised race and, with a noble faith in humanity raised them to the admitted dignity of manhood.

By his wisdom, his prudence, his calm temper, his steadfast patience, his lofty courage and his loftier faith, he saved the republic from dissolution, by his simple integrity he illustrated the neglected principles of its constitution, and restored them to their just ascendancy; by all the results of his administration of its government. He inaugurated a new era in the history of mankind. The wisdom of his statesmanship was exercised only by its virtuousness. Exercising a power which surpassed that of kings he bore himself always as the Servant of the People, and never as its Master.

Too sincere in the simplicity of his nature to be affected by an elevation, the proudest among human dignities, he stands in the ranks of the illustrious of all time as the purest exemplar of Democracy. While Goodness is Beloved and Great Deeds are remembered, the world will never cease to revere the name and memory of Abraham Lincoln."

### GEORGE MADER.

A few days ago the Journal had a notice of the death of George Mader, in the Winchester items. For some reason the fact was overlooked that Mr. Mader had been a merchant of Jacksonville. He was in the clothing business here, and occupied, at one time at least, the building second north of East State street, on the east side of the square.

He left here about 1862, and Winchester has been his residence and business place for many years.

Mr. Mader had a brother, Nicholas, who was married here in 1862, and made his home thereafter in Winchester. His wife, Anna Brock Mader, formerly of Beardstown, Ill., died in Winchester only about a year ago.

It is understood that both the Messrs. Mader prospered in the Scott county capital, and were esteemed valuable members of the community.

The International Correspondence School—Handbook for Electrical Engineers. A convenient reference book for all persons interested in electrical and magnetism, dynamos and motors, electric lighting, interior wiring, power transmission and operation and maintenance of electrical apparatus.

The International Correspondence School—Poultryman's Handbook. System Co.—How to manage an Office. Gift.

#### Folk Dancing.

Burchenal—Folk Dances and Singing Games.

Crawford—Folk Dances and Games. The book contains music and description of folk dances from ten European countries. There are good illustrations and often words are given for the singing games.

#### Drama.

Brown—Children of Earth. "In 1913 a prize of \$10,000 was offered by Winthrop Ames for the best play to be submitted anonymously, by an American author. Nearly seventeen hundred manuscripts were received and in June 1914, the judges, Augustus Thomas, Adolph Kluaber and Winthrop Ames, awarded the prize to Children of Earth by Alice Brown."

Craig—On the Art of the Theater. The author, a son of Ellen Terry, and acknowledged all over Europe as a master pioneer of the theater here presents the fruit of twenty years actual stage experience and experiment.

Middleton—Nowadays. "A striking drama of the present moment and of real people." Independent.

#### History and Travel.

Pennington—A Woman Rice Planter. "A southern picture with its humor and poignancy mingling at every turn, with the performances of the animals and the ceaseless and miscellaneous distractions and dangers of the mistress, all told with perfect vividness and simplicity." Owen Wister in Preface.

Treitschke—Selections from his Lectures on Politics.

#### Rent Fiction.

Bailey—Contrary Mary. Reeves—A Lady and her Husband.

(Political advertisement.)

As Candidate for Mayor, I wish to state a few facts, as it seems that the universal liar is abroad in the land; and therefore at least half the campaign stories you hear, are not so, and the other half you should not believe.

I am not running as a Republican or Democrat; the Commission Form prohibits it.

I have not made a pledge to anyone for any job or position, nor promised to let anyone out of a job or position, either in the City Department or Schools.

I have not said that, if elected I would stop chicken and hog raising in the City, chickens and hogs being a necessity which I believe people have the right to produce.

I have not said that I would close the Ice Cream Parlors, Cigar Stands, News Stands, Garages, Livery Barns, etc., on Sunday. I do not think that anyone should be denied the privilege of living on Sunday, just because he lives or happens to be in Jacksonville. Sunday is a day to be enjoyed in worship, rest and recreation, and not to be a dreaded day-Sunday was made for man; not man, for Sunday.

I have used no liquor nor furnished any money for the same in the campaign, nor at any other time.

I have not hired anyone to work for me at the polls.

I will not have any hired conveyances on Election Day.

I will not disobey the law in my eagerness to be elected.

I have not wronged or defrauded anyone in business.

I will, if elected, do my best to see that we have higher efficiency in all the Departments of the City, so that none may be dissatisfied.

That we have no deadbeats or deadheads on the Pay Roll.

That we get value received for every dollar expended.

That we will prosecute violators of the law, but not persecute anyone.

That we do not license prostitution and other vices we may have in the city.

That no whiskey, beer, etc., is sold in the city by bootleggers or others.

That the City's business will be conducted and accounts kept on a business basis.

That an invoice will be taken of the City's resources and liabilities.

That all citizens receive a courteous and considerate hearing on all matters that they wish to present.

That anyone applying for city work will receive an unprejudiced hearing.

That I will be your servant and not your boss.

That I will not attempt to be the whole Board of Education and City Superintendent, separately or combined.

That everybody and every business gets justice and a square deal from the City.

That the City gets justice and a square deal from everybody and every business.

That our Parks and Play Grounds are beautified, and their use enlarged.

That Jacksonville will be made more desirable in every way, as a place in which to live.

You have only this one chance in four years to select your city officers. Don't neglect nor reject your opportunity. It's only a short distance to the polls. If you think it for the best interest of Jacksonville that I be your Mayor, it will be your duty and a necessity that you go and vote for me. Remember it takes votes in the ballot box to elect. Let the majority rule.

**"OH! SO WEAK"****"But Cardui, The Woman's Tonic, Helped Me So Much."**

Jeffersonville, Ind.—Miss Maud Harris, of R. F. D. No. 2, this city, says: "I had serious womanly troubles for three months, and it was so bad, at times, I could hardly do my work, and oh! I was so weak. I can truly say, however, that Cardui has helped me greatly."

I took only three bottles of Cardui but I am cured of my trouble.

Before I began the Cardui treatment, I only weighed 92 pounds, but I soon began to gain, and got up to 102 in a short time, and am now feeling fine.

Cardui is certainly a great medicine for women.

Don't allow yourself to become weak and all run-down, from womanly troubles. Follow the example of Miss Harris. Take Cardui, the woman's tonic. It will surely help you, as it has so many others in the past 50 years.

Headache, backache, nervousness, sleeplessness, tired, worn-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you?

Begin taking Cardui, today,—you'll be glad you did.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 50c and 25c per box. All druggists.

**SUIT AGAINST SENATOR REVIVES OLD SCANDAL**

Albert S. Connolly Wants Damages on Ground of Having Been "Falsely and Maliciously" Arrested.

Washington, April 16.—An unusual suit filed by Albert S. Connolly against United States Senator Frances E. Warren of Wyoming, for \$50,000 damages on the ground of having "falsely and maliciously" procured his arrest, has revived an old political scandal of nine or ten years ago, which, it was generally thought, and by many hoped, had been buried and forgotten. The suit was filed in the Supreme Court of the District of Columbia.

Connolly states in his declaration that some time ago he was engaged in the investigation of the alleged practice of private individuals in Wyoming of fencing public land, especially by the Warren Livestock Company, of which, the declaration states, the Senator is a stockholder. These activities, Connolly claims, excited the ill-will and hatred of certain persons, and of Senator Warren. He alleges that the Senator, desiring to frustrate his future activities, secured his arrest, on August 16, 1913, and charges that Senator Warren caused him to be detained in the Government Hospital for the Insane from that date until May 23, 1914, when he was discharged.

It was President Roosevelt who originally brought the charges of illegal fencing of public lands for the benefit of their own pockets against an alleged ring of important Western men, in and out of office. It is also an old story in Washington that because of a row between the President and his Secretary of the Interior, Ethan Allen Hitchcock of Missouri, who accused Senator Warren of being an important member of the alleged ring, that Mr. Hitchcock was forced out of the cabinet by a famous letter written to him by President Roosevelt, after which he soon died, a disappointed and broken hearted man.

President Roosevelt's letter to Mr. Hitchcock was written, as the opening paragraph indicates, following the complaint of Senator Warren that the Secretary persisted in making him one of the alleged ring of illegal cattle-land fencers, notwithstanding that the President, who at first was generally supposed to be of the same mind as Mr. Hitchcock, had afterward made, apparently, an exception of the Senator and taken up the cudgel in his behalf.

Hitchcock was in the McKinley Cabinet when Vice-President Roosevelt succeeded the martyred President. He was known as the persistent enemy in public life of those who were perpetrating frauds against the government. For this reason, the new President was besieged with pleas to secure Hitchcock's resignation. But President Roosevelt insisted that the Secretary of the Interior was one of the very strongest and most valuable member of his official household, standing, as the President said over and over again, between the Government and the band of land grabbers and cattle and timber thieves who were looting the Treasury.

Suddenly, as Hitchcock was about to prosecute men of the highest public position and the humblest private station, the misunderstanding with the President arose over the question of Senator Warren's possible connection with frauds. The Secretary never recovered from his astonishment at having lost the support of the President. He did not hesitate after his retirement, to criticize the line of reasoning that led Roosevelt to his later attitude, and to reiterate his conviction that the original indictment drawn by him with the approval and hearty co-operation of the President, was directed against particular persons who richly deserved to be prosecuted.

Connolly was one of those active in pressing the original charges who kept his job. He met with ill success from his labors, and Washington had forgotten him and the earlier incidents. He was repeatedly blocked in his efforts to have the whole subject investigated. But he persisted until he found himself an inmate of a madhouse, from which he now emerges to fight the distinguished senator in court.

**IN OTHER DAYS.**

William I. Tilton has received the following letter from Frank Dumont, manager of Dumont's new theater, Philadelphia.

Philadelphia, April 4, 1915.

My Dear Sir:

Yours was received and much pleased at contents. Yes, Jacksonville was a great town for the Drury & Benedict show during the many years I was with them. I remember the old Dunlap House very well and enjoyed its fare. I wish I could go back to those great days and commence all over again, and know as much as I do now. Received a letter from Mr. Dalton and replied to him. If you ever run across old time minstrel bills don't forget me, please.

Best wishes to you,

As ever,

Frank Dumont.

**BACK FROM CANADA.**

W. A. Fraser has returned to his former Jacksonville home after an absence of six years spent in Canada. Mr. Fraser went there to enter land and declared for citizenship in the Dominion and laid himself liable to service in the English army and as a good many of his friends and neighbors had been called on to bear arms he decided he would return home. He says he is ready at any and all times to fight for his native land but hardly feels called on to do so for King George.

**GOVERNMENT OFFERS****ADDITIONAL PUBLIC LAND.**

The United States Reclamation Service announces the opening and availability the latter part of April of a large number of desirable homesteads in the well known Shoshone irrigation project near Yellowstone National Park, Wyoming. This opening will mark the fifth unit to be offered the public in this district and will afford an excellent opportunity for the serious homemaker to secure a desirable 40 or 80 acre tract under the homestead law in a district of proven agricultural worth.

According to an announcement issued by Albert V. Leonard, Settlement Agent of the U. S. Reclamation Service in the Federal Bldg., the Government during the past six months appeals for suitable agricultural homesteads and the opening of the Shoshone lands will in a measure appease the demand for irritable tracts in this section.

"There is no question but that the recent peculiar business and economic conditions have been largely responsible for the increasing demand for and widespread interest in the 'back to the land movement' states Mr. Leonard. 'The Government is desirous of encouraging this laudable movement in every proper way and seeks to make readily available information concerning the opportunities which exist for the homemaker. It is my opinion that the Shoshone opening will attract an industrious class of people who will maintain the high standard of progressive farming which is rapidly transforming the Shoshone project into an agricultural community of accomplishment. With an excellent climate, fertile soil, ample water supply and a splendid settlement with schools and churches and other community interests, this project should appeal strongly to prospective settlers and I shall be very glad to supply such people with all necessary data.'"

Vincent S. Richardson, of Sadorus, Champaign county, is here for a visit with Vincent Riley and other relatives.

**COUNTY INSTITUTE DATES ARRANGED FOR DISTRICT**

Committee Held Conference Here Friday—Three Meetings for Morgan County in October.

There was a meeting at the Dunlap House yesterday of officials for the purpose of arranging the date of the farmers' institutes in the 11th congressional district comprising the counties of Morgan, Jersey, Greene, Mason, Pike, Brown, Menard, Calhoun, Scott and Cass.

Among those present were representatives from each of the above named counties; also H. O. McKee of Winchester, secretary of the farmers' institute of the district, and Mrs. McKee, secretary of the household science department; J. J. Happy of Havana, director for the district; Ralph Allen, one of the state farmers' institute directors and J. C. Becker of Jerseyville. There were many much interested in the work and some who should have been present were conspicuous by their absence. The work was thoroughly discussed and the following dates selected:

Morgan county; Concord, Oct. 20; Murrayville, Oct. 21; Franklin, Oct. 22.

Mason county; Easton, Oct. 13-15; Pike; Kinderhook, Aug. 31-Sept. 1.

Jersey; Jerseyville, Dec. 16 and 17.

Greene; Greenfield, Nov. 30-Dec. 1-3.

Brown; Versailles, Dec. 8; Time-well, Dec. 9; Mt. Sterling, Dec. 10.

Scott, Cass and Menard; dates to be arranged later.

**Capt. Swales Left Andersonville Fifty Years Ago Today.**

Today, April 17, is the 50th anniversary of Captain J. M. Swales' release from Andersonville prison after several months' confinement in that infamous death trap. When he entered the stockade in the summer of 1864 he weighed 185 pounds and when released he tipped the scale at 82 pounds. From Andersonville he went to Macon, Georgia where he saw Jefferson Davis, president of the defunct confederacy, and Captain Henri Wirz, who was the keeper of the prison stockade during the summer of 1864 and 1865, and who was tried by a military court and sentenced to be executed on the charge of murdering Union prisoners, the execution taking place in November following the close of the war at the old capitol jail in Washington, D. C. It was after the close of the war though the poor fellows in the prison hell were not aware of it. A large lot of them were loaded like cattle on a freight train and were told that they were being taken to the Union lines. The captain said they had lied to him so many times he didn't believe them then so he said to a comrade who had been captured with him that he meant to leave the train at the first opportunity and do the best he could for liberty and begged the comrade to go along but the latter was too emaciated and depressed to undertake it, but a prisoner from Ohio, Charles Alden, said he would try it and the deed succeeded in jumping from the train and for once made a mistake in not accepting a rebel statement as truth, but could they be blamed?

Something seemed to say to them go westward, and they did and after four days in swamps and cold and nearly starved they came across the 7th Ohio cavalry belonging to Gen. Wilson's brigade, then making a raid through the south, and one of great importance. In the captain's estimation, more so than that of Gen. Grierson. Every possible kindness was shown the poor fellows and soon they began to pick up but it was a close shave from death. Had they remained with the rebels they would have reached home several weeks sooner than they did as it was.

John Norris, brother of Archibald Norris of this city, was with the cavalry command that captured Jeff Davis in May.

Not long since Captain Swales saw in Chicago, Gen. Stibbs, the only survivor of the court that tried the fiend Wirz. The captain too says he is proud to know he started the movement for the monument at Andersonville. He was one of the commission to select and locate it.

**ADDITION FOR THE NORBURY SANATORIUM**

The management of the Norbury Sanatorium has recently made arrangements for the erection of a ten-room addition to the east building on South Diamond street. It will be necessary to provide this room because the contemplated building at Maplecrest will not be ready for occupancy this year, although it is the expectation to let the contract for the building some time within the next two months. The addition to the South Diamond street building will be of a substantial character but built in such a way that if deemed advisable it can be moved at some later time to the Maplecrest site, and there with some changes utilized as a nurses' home.

**MR. BECKER IS POPULAR MAN.**

J. C. Becker of Jersey county was among those in Jacksonville Friday to attend a conference of farmers' institute directors and county superintendents of schools with reference to various institutes and domestic science gatherings to be held this year. Mr. Becker is a Republican but is holding office as superintendent of schools in Jersey county, which is strongly Democratic. The large majority by which he was chosen is indicative of the esteem in which Mr. Becker is held in his home county.

**IMPROVEMENT IN TRADE IS OF GRATIFYING PROPORTIONS**

Buying of Specialties is Frequently Offset by Heavy Selling of Standard Shares, Which Yielded Much of Their Early Advantage.

New York, April 16.—Apart from a fresh ebullition of speculative hysteria, which was most conspicuous in various industrial and equipment issues, today's active stock market was essentially two sided. That is the buying of specialties frequently was offset by heavy selling of standard shares which yielded much of their early advantage though closing with general net gains.

The unrestrained trading of the first half hour, probably without parallel in the annals of the local exchange, was confined in a great measure to shares in companies which are supposed to be in receipt of remunerative orders from European belligerents. American Locomotive rose over 18 points almost at the outset, New York Air Brake 16 and numerous other industrials and equipment from five to eight points. Airbrake increased its advance to 18 points in the later trading but most of the others in that group fell back appreciably. In a way, today's rise in the so-called war specialties was accepted as a natural outgrowth of the recent gyrations in Bethlehem steel, first of the industrial concerns to make market response to its war business. To what extent manipulation of pools and syndicates figured in the day's operations must remain a matter of debate or individual opinion.

Representative issues were under moderate pressure throughout the session even though some, particularly United States steel attained their highest prices of the movement. Union Pacific, Reading and a few others which are commonly regarded as market barometers fell to lowest levels in the final hour though recovering in part towards the end which was marked by a confusion of prices.

Financial conditions were again highly favorable to bullish interests. Bankers reported a marked increase of demand for high grade investment issues, the success of the New Haven railroad note issue giving stimulus to this inquiry. Refined copper rose to the new high price of 19-1-2 and bank clearings testified to betterment in general lines of merchandise.

Mrs. T. C. Waters, who has been in California for some months past, is again at Palmyra and will make her home there.

**IF CHILD IS CROSS, FEVERISH AND SICK**

Look Mother! If Tongue is Coated Give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother. See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

**SUNG OF SPRING**

The glad birds are chanting their anthems and glees, and farmers are planting their squashes and peas. There's nothing embitters the heart in the Spring, and all human critters should chortle and sing; Dame Nature is wreathing with verdure the hills, the air we are breathing is better than pills, the breeze is a tonic, the sun brings relief, so shame on the chronic dispenser of grief! Oh, kick in the Summer, and I won't object, for heat is a hummer that many has wrecked; and kick in the Autumn, when lingering flies (why didn't you swat 'em) are tickling your eyes; and kick in the winter, with words over-ripe, that no decent printer would put into type, but now that the glory of Springtime is here, a different story we'd all like to hear. When cold months meander, and April cuts loose, that man

is a gander, that woman a goose, who isn't rejoicing, with lumaous grin, in ecstasy voicing the rapture within. The jaybirds are creaking and scoting around, the farmers are poking fresh holes in the ground, and everything's speaking of Spring and its joys, so cut out the shrieking and whoop with the boys.

in the use of "Mother's Friend"  
is an external embrocation applied  
abdominal muscles for the purpose  
of relieving the strain on ligaments, cords  
and tendons.

thus bringing relief and avoiding  
great good is accomplished. It  
is to ease the mind, indirectly has a  
beneficial effect upon the nervous  
system and thousands of women have  
testified how they were free of  
nausea, had no morning sickness and  
through the ordeal with most re-  
markable success. "Mother's Friend" has  
grown in popularity for more  
than forty years. In almost every com-  
munity are grandmothers who used it  
themselves, their daughters have used it  
and they certainly must know what a  
thing it is when they recommend it  
warmly.

It is certainly a most helpful influence  
its effect in avoiding all unnecessary  
strain, enabling the muscles to expand  
freely and to relax naturally when baby  
comes. Strictly an external application  
has no other effect than to ease the  
nerves, cords, tendons and ligaments  
which have been strained by the weight  
of the fetus. It is used very successfully  
in preventing caking of breasts.

"Mother's Friend" is prepared in the  
laboratory of Bradford Regulator Co.,  
10 Lamar Bldg., Atlanta, Ga.  
It should be remembered that what is  
said of "Mother's Friend" is the thought  
expressed by the thousands of women  
who have successfully used it and recom-  
mended it through two generations.

### AROUND HOME

**Kerosene Proves Fatal.**—Mrs.  
Clyde Kirby of Champaign tried to  
light a fire with kerosene today and  
her clothing caught fire. She was  
turned to death.

**Steel Mill to Start.**—It has been  
announced that the reorganizers of  
the defunct Alton Steel company ex-  
pect to have the plant in operation  
within a week and to apply for the  
closing of the receivership.

**Markets Large Hog.**—The largest  
hog ever sold on the market in this  
city, was purchased by Hanna and  
Kelso of Fairbury and shipped to  
Chicago for market, the hog weigh-  
ing 760 pounds, and was raised by  
George Zimmerman, a farmer living  
south of Fairbury.

**New Cashier.**—D. H. Salzenstein  
will begin new duties in a few days  
as cashier of the Centennial National  
Bank at Virginia, Ill. The posi-  
tion was offered Mr. Salzenstein at  
the monthly meeting of the direc-  
tors of the bank Tuesday afternoon  
and has been accepted.

**Keeps Fowls Housed.**—The chief  
of police of Macomb has issued a  
warning to all people who have  
chickens, to keep their birds pen-  
ned up at home and not to permit  
them to trespass upon the property  
of their neighbors. No doubt, the  
warning is timely and well-meant.

**Returns From U. S. Army.**—Don-  
avon McGee, son of Dr. and Mrs. J.  
A. McGee of Virginia, is visiting at  
home. He has just completed serv-  
ing a three year enlistment in the  
United States regular army, and the  
past year has been stationed along  
the Mexican border where he wit-  
nessed much fighting between the  
Mexican insurgents and federals.

**Electricity for Virginia.**—Vir-  
ginia will have an all day electric  
light current by fall, if certain of-  
ficials of the Central Illinois Public  
Service company which concern  
owns the local light plant, are to be  
believed. It is understood that work  
preparatory to building the trans-  
mission line from Beardstown to  
Virginia has been begun and that  
the work will be pushed as rapidly  
as possible.

**Will of Late Geo. Conover.**—Ac-  
cording to the instruments filed in  
the county court at Virginia when  
the will of the late George Conover  
was admitted to probate the estate  
is valued at \$240,000, of which  
\$90,000 is in real estate and \$150,-  
000 is in personal property. The  
will was made in 1898 and was wit-  
nessed by Matt Yapple and H. F.  
Kors. It provides that all prop-  
erty real and personal shall go to the  
widow, Virginia B. Conover, and  
also that she be appointed executrix  
of the estate.

**Find Fox Family.**—A family of  
eight-week-old foxes, snugly housed  
in a drain tile on the farm owned  
by George Boardman, seven  
miles northeast of Lincoln, was  
found by the tenant George Reichle  
a few days ago. Two of the cre-  
atures are now on exhibition at the  
Wunderle garage on Sangamon  
street. The finding of the nest of  
foxes brings to attention the fact  
that there is believed to be a com-  
paratively large colony of foxes in  
the same neighborhood, which is  
near Skelton.

**Pfanschmidt Leaves Quincy.**—  
Ray Pfanschmidt has left Quincy.  
Purchasing a ticket to Wichita,  
Kansas yesterday morning from  
Burlington Agent Anderson, he  
boarded the westbound train. He  
was taken to the train in a taxi  
from the home of his cousin, How-  
ard Petri, who was the only one at  
the train to bid him farewell.  
It is understood Ray intends to  
make his future home in the Sun  
Flower state. He sent several  
trunks of baggage and was known  
to have tried for a recommen-  
dation as to his character in order  
to get a position in Wichita.

**TAXES! TAXES! TAXES!**  
Taxes not paid by May 1, or if  
paid through the banks, if receipts  
are not received in my office by  
May 1st will be subject to a penalty  
of one percent and advertised as  
soon thereafter as a list of delin-  
quent can be prepared.

### PIKES PEAK SOCIABILITY TOURISTS COME

Are Expected in Jacksonville For  
Half Hour—Local Autoists In-  
vited to Welcome Visitors.

The Pikes Peak Ocean to Ocean  
automobilists will be in Jackso-  
ville next Tuesday afternoon for  
half an hour if the schedule as  
planned is carried out. The party  
left Colorado Springs last Wednes-  
day for this sociability tour which  
covers a period of more than two  
weeks. The schedule as arranged  
for this section of the Illinois route  
is as follows:

Leave Hannibal, Mo. 12:30 Tues-  
day, April 20.  
Leave Barry, Ill. 1:45 p. m.  
Leave Griggsville, 3:00 p. m.  
Leave Bluffs, 3:30 p. m.  
Arrive Jacksonville 4:30 p. m.  
Leave Jacksonville 5:00 p. m.  
Leave Berlin 5:45 p. m.  
Arrive Springfield 6:30 p. m.

In anticipation of the tour, roads  
have been dragged all along the  
way and different localities are en-  
gaged in friendly rivalry as to  
which section of the highway will  
be found in the best condition. En-  
thusiastic letters from commercial  
and automobile clubs sent to the  
tourists indicate that this unique  
"See America" expedition will re-  
ceive a warm welcome in its mission  
to demonstrate the logical advan-  
tages of the Pikes Peak Ocean to  
Ocean Highway as a transcontinental  
route.

This schedule, of course, depends  
upon road conditions. This plan al-  
lows a half hour in Jacksonville  
and it will be used for a gathering  
on the public square at which short  
addresses will be made by members  
of the Colorado party.

Road officers, farmers, business  
men and all interested are urged to  
see that the roads along the high-  
way are in good condition on next  
Tuesday.

Auto owners are invited and re-  
quested to meet the party as it  
comes from the west into the city.  
The party may be met anywhere be-  
tween the city limits and Bluffs and  
local cars are requested to fall in  
behind the cars from Colorado. Ar-  
rangements have been made to re-  
ceive telegraphic advice as to the  
progress of the party and those in-  
terested may secure information as  
to its probable time of arrival at  
any time after noon Tuesday from  
Frank J. Heintz, vice-president of  
the Ocean to Ocean Highway for  
Morgan county, or from Carl H.  
Weber, secretary of the Chamber of  
Commerce.

### FIVE MINUTE CURE IF STOMACH IS BAD

"Pape's Diapiesin" is Quickest  
Surest Indigestion Cure Known.

You don't want a slow remedy  
when your stomach is bad—or an  
uncertain one—or a harmful one—  
your stomach is too valuable; you  
mustn't injure it with drastic drugs.  
Pape's Diapiesin is noted for its  
speed in giving relief; its harmles-  
sness; its certain unfailing action in  
regulating sick, sour, gassy stom-  
achs. Its millions of cures in indi-  
gestion, dyspepsia, gastritis and  
other stomach trouble has made it  
famous the world over.

Keep this perfect stomach doctor  
in your home—keep it handy—get  
a large fifty-cent case from any  
drug store and then if anyone  
should eat something which doesn't  
agree with them; if what they eat  
lays like lead, ferments and sours  
and forms gas; causes headache,  
dizziness and nausea; eructations of  
acid and undigested food—remem-  
ber as soon as Pape's Diapiesin  
comes in contact with the stomach  
all such distress vanishes. Its  
promptness, certainty and ease is  
overcoming the worst stomach dis-  
orders is a revelation to those who  
try it.—Advertisement.

### AT THE CAR SHOPS.

F. W. Baptiste has been employ-  
ed as night watchman.  
William Dickerson, oil house  
keeper, has resigned.  
William E. Stout, night watch,  
has resigned.

James D. Leahy has been employ-  
ed in the mill.  
William Boland, boiler shop help-  
er, expects to enjoy Sunday with  
friends in Springfield.

Henry Badger and Henry Everts,  
boiler makers, attended the boiler-  
makers' ball in Springfield Wednes-  
day evening.

Work is quite active now at the  
shops and men are busy in all de-  
partments.

Master Mechanic Imgrund is be-  
ing occupied with the testing of a  
new machine intended to do won-  
ders. It is portable and is claimed  
to be able to weld any kind of me-  
tal whatever that can be melted  
and to cut the same. It is being  
demonstrated by L. H. Arenz, rep-  
resenting the Acetylene-Oxygen Co.  
of St. Louis and certainly it is a re-  
markable machine. Yesterday a job  
was in progress and the nature of  
it bids fair to revolutionize much of  
the processes in the boiler shop. Mr.  
Arenz was putting a patch in a  
boiler and instead of riveting it on  
as is the usual way, he took a  
piece of boiler sheet of the proper  
size and thickness, placed it tight  
in the hole and then proceeded to  
weld it right where it was making  
a smooth job almost as if there had  
been no patch at all. The machine  
will weld cast or malleable iron and  
all sorts of metal and seems to be a  
very useful invention.

### GOOD'S HOMER GIVE VICTORY TO J. F. Brennan Candidate for Commissioner

Joseph F. Brennan is a real  
Jacksonville citizen, as he was born  
here March 21, 1861, at 514 South  
West street. He has always been a  
fourth ward resident. He first at-  
tended a private school conducted  
by Mrs. Elizabeth Vickery. Later  
he attended the Parochial school,  
Washington public school, high  
school, Whipple Academy, and  
graduated from Brown's Business  
college in 1880. He entered com-  
mercial life as book-keeper for

Matheson & Strong, later being em-  
ployed by Matheson & Brennan and  
Jas. W. Murphy. In 1888 he went  
into business for himself, and is  
still owner of the hardware and  
sheet metal business, which has  
been managed by his son Terrance  
J. Brennan since he became com-  
missioner. Mr. Brennan was com-  
missioner. Mr. Brennan was com-  
missioner.

Mr. Brennan was appointed a  
commissioner by the city council to  
succeed the late Charles W. Brown  
and took charge of the light and  
water departments. Under his di-  
rection the entire city light plant  
and street lighting system has been  
reconstructed. He drew the plans  
and specifications for buildings and  
machinery. All machinery has been  
installed with plenty of reserve  
power so at the present time it is  
possible to furnish current for the  
new boulevard lamps soon to be in  
service. In the water department  
too great changes have been made.  
The citizens have had cleaner water  
the last two years than ever before.  
Business methods adopted in man-  
agement have made the water plant,  
the city's best asset, the receipts  
more than doubling during Mr.  
Brennan's term of office.

Mr. Brennan has given the light  
and water departments his entire  
time and study, and stands for the  
highest efficiency in all departments  
of the city, and the full and impar-  
tial enforcement of the law.

### RALLY DAY WILL BE OBSERVED IN COUNTY SUNDAY SCHOOLS

Sunday, May Second Set as Date for  
Emphasizing Importance of Sun-  
day School Work.

The Sunday school throughout the  
county have been requested to ob-  
serve Sunday, May 2nd, as rally day  
and the following suggestive pro-  
gram has been sent to all Sunday  
school superintendents and to vari-  
ous officers.

Song—All Hail the Power of Jesus  
Name.  
Responsive Service.  
Prayer Song. (Standing.) (Tune  
"America.")  
"Dear Father, wilt thou bless,  
And lead in righteousness,  
Our Bible School;  
Grant that each soul may be  
Striving continually  
To praise and honor thee.  
God bless our school."  
"Tis here we love to meet.  
About our Saviour's feet,  
Our Bible School;  
Now hear us while we pray,  
On this most sacred day;  
Take all our sins away;  
God bless our school."  
Song—Revive Us Again.  
Roll-call of Officers and Teachers.  
Responsive Service.  
Song—Somebody Did a Golden  
Deed.

EXERCISE BENEFICIAL TO  
WOMEN.

Strength Often May Be Gained By  
Judicious Activity on Part of  
the Sick.

The woman suffering from the  
ills of her sex often loses ambition  
and will not exert herself in the  
least, her muscles become flabby,  
her circulation bad and nerves  
wrecked. Another woman suffering  
from the same ills will lay out for  
herself a system of convalescent ex-  
ercises of deep breathing even be-  
fore leaving her bed. If the woman  
will but write Dr. Pierce at the  
Invalids' Hotel, Buffalo, N. Y.,  
she can get free medical advice in  
such cases, also a 1000-page book  
with advice on Hygiene, How to  
care for the sick, Sex problems,  
Diseases of women, etc., all for 3  
dimes or 30 cents in stamps to pay  
for mailing.

Sick women—thousands of them,  
have been cured by the use of Dr.  
Pierce's Favorite Prescription. It  
is a woman's tonic that has a sin-  
gleness of purpose in curing the dis-  
ease of women only. It establishes  
regularity, heals inflammation and  
banishes pain. The dull, sunken eye  
with its dark circles which comes of  
suffering is banished—so too is the  
sallow, sunken cheek, the shrunken  
form—when this "Prescription" is  
used. It is a temperance remedy  
because made without alcohol—of  
native roots and herbs.

Women who suffer should not  
wait till a breakdown causes pros-  
tration. If you are anxious to cor-  
rect the derangement of the deli-  
cate feminine organs, to overcome  
irritability and nervousness, waste  
no time, but get Dr. Pierce's Favor-  
ite Prescription in liquid or tablet  
form this very day at any medicine  
dealers and tomorrow you will know  
that you are on the highway to  
health and happiness. Write for  
free 1366-page book on diseases of  
women.

Dr. Pierce's Pleasant Pellets regu-  
late and invigorate stomach, liver  
and bowels.—Adv.

### MARKHAM.

Mrs. W. G. Wolfe and Miss Clark  
were among the Thursday shoppers  
in the city.

Miss Lois Paschall very pleasantly  
entertained the members of the  
G. V. S. club at her home Wednes-  
day afternoon. A two course pink  
and white luncheon was served which  
was greatly enjoyed. Mrs. Snyder  
and little daughter were guests of  
the club.

Mrs. Lewis Perbix has returned  
from Beardstown where she was cal-  
led by the serious illness of her moth-  
er.

Mr. and Mrs. E. A. Sawtelle, Mrs.  
W. A. Davidson, Mrs. S. P. Cleary  
and W. A. Marshall were business  
callers in the city Friday.  
Miss Myrtle Paschall spent sever-  
al days last week at the home of her  
sister, Mrs. Emma Cully.

The election for school trustee of  
township 15, range 11, Saturday,  
April 10th, proved very interesting.  
Robert R. Ranson receiving 68 votes,  
to Albert Richardson's 26 votes. Mr.  
Ranson owes the greatest part of  
his success to being very popular

among the fair sex, giving him a  
heavy vote.  
Mrs. Fannie K. Chumley of Win-  
chester was a week end visitor with  
Mr. and Mrs. M. E. Cleary and Miss  
Carrie Gibbs.

Paul and Mary Reed of Joy Prairie  
and Mr. and Mrs. Wood Loveless  
of Carlinville, the latter being new-  
lyweds were calling on relatives and  
friends in this vicinity Sunday.

Miss Helen Leach spent the week  
end with Miss Gladys Sargent of  
Jacksonville.

Mr. and Mrs. John F. Tobin and  
family spent Sunday with the lat-  
ter's father near Woodson.

Miss May Sargent spent the week  
end with relatives and friends in the  
city.

Mrs. J. L. German spent Wednes-  
day with Mr. and Mrs. John F.  
Tobin and family.

Misses Margaret Wolfe and Ethel  
Thomason were Wednesday shoppers  
in the city.

Mrs. Mary J. Cleary expects to re-  
turn to Chicago Saturday after an  
extended visit with relatives in this  
vicinity.

Mr. John McCauley is on the sick  
list.

Preaching services at Mt. Zion  
Sunday afternoon, April 18th at  
three p. m.

A fine rain came last week which  
was greatly appreciated by all the  
farmers.

William Hatfield and C. P. Curtis  
were Waverly visitors in the city  
yesterday.

### GRANDMOTHER KNEW

There Was Nothing So Good for  
Congestion and Colds  
as Mustard

But the old-fashioned mustard-plaster  
burned and blistered while it acted. You  
can now get the relief and help that  
mustard plasters gave, without the plaster  
and without the blister.

MUSTEROLE does it. It is a clean,  
white ointment, made with oil of mus-  
tard. It is scientifically prepared, so  
that it works wonders, and yet does not  
blister the tenderest skin.

Just massage MUSTEROLE in with  
the finger-tips gently. See how quickly  
it brings relief—how speedily the pain  
disappears.

And there is nothing like MUSTER-  
OLE for Sore Throat, Bronchitis, Ton-  
silitis, Croup, Stiff Neck, Asthma, Neu-  
ralgia, Headache, Congestion, Pleurisy,  
Rheumatism, Lumbago, Pains and Aches  
of Back or Joints, Sprains, Sore Mus-  
cles, Bruises, Chills, Frosted Feet,  
Colds of the Chest (it often prevents  
Pneumonia).

At your druggist's, in 25c and 50c jars,  
and a special large hospital size for \$2.50.  
Be sure you get the genuine MUS-  
TEROLE. Refuse imitations—get what  
you ask for. The Musterole Company,  
Cleveland, Ohio.

## THIS IS THE LARGEST BANK IN MORGAN COUNTY.

It is the only bank in Jacksonville in which the government deposits. We try to please. We give the same attention to small accounts that we do to large ones.

If you are not already a customer you are invited to become one. Ask any of our customers how they like the way we care for their business. We are willing to leave it to them.

## It's the Film That Makes The Picture

While none of us expect our cameras to reproduce pictures in all their original colors, still we find ourselves saying, "It ought to look more natural. I wonder what's the trouble." Particularly is this so when we attempt to record outdoor pictures. Nature hides her paint box in spite of us.

But with Ansco Film and Cyko Paper we can accurately make different tones of black and white or sepia the values of the original colors. And unless the film you use does record these color values accurately the results will be disappointing, no matter what paper you print your negatives on.

### The Eastern Star.

At a special meeting of the Eastern Star Thursday evening Jess Overton and William Watt were received into the order and Mr. and Mrs. D. D. Watt were re-instated. A delicious luncheon was served after the work, the event as a whole was most enjoyable.

### Personal Brevities.

Mr. and Mrs. Samuel Bailey and daughter, Blanche, and Nannie and Marie Jackson and Wiley Jackson were automobile visitors in Jacksonville Thursday.

Mr. and Mrs. Henry McKean of Springfield are spending a few days with Winchester relatives.

Charles W. Burdick received the third degree in the Knights of Pythias lodge Thursday night.

Henry Higgins has returned from Jacksonville where he attended the sessions of the district encampment, I. O. O. F. association.

Dr. H. H. Fletcher and Fred Neat are making a short visit in St. Louis. They went to White Hall Friday, accompanied by Mr. and Mrs. Alonzo Ellis, by automobile, and there took the Chicago & Alton for St. Louis.

## MARKING OF TRAILS IN COUNTY IS FAVORABLY RECEIVED BY AUTOISTS

Favorable comment on every hand is arising from the efforts of the department of Rural Affairs of the Chamber of Commerce in marking the trails and auto routes through the county. Work on the "Ocean to Ocean" trail is progressing rapidly and this road will be marked in the regulation red and white by Tuesday, when the Pike's Peak party from the west is due to pass through Jacksonville.

"This is the right step," says one man on remitting his dollar to help in defraying the expense of the auto route marking, "bring them to Jacksonville instead of sending people to other places. Make of Jacksonville a larger and better city." "We have often thought our county should be on the auto map of the country," says a Waverly citizen in replying to Secretary Weber's request for a small sum to help the work along.

The purpose of the marked trails is thus summarized in the circular letter Mr. Hein, chairman of the Department of Rural Affairs and Mr. Weber are sending to autoists and farmers throughout the county:

Good Roads—Experience has proved that wherever a marked trail runs, the farmers residing thereon and the road officers take special pride in keeping the road in good condition.

Pleasure and Convenience—Distinctive and well marked trails enable one to take many tours and pleasure trips without having to worry about the correct and best roads. If the plan is carried out the auto driver can go anywhere in this and adjoining counties without asking or looking up the way to go.

Business—For the man who buys and the man who sells—well marked and well kept trails connecting the trading centers will mean much to the producer, the distributor and the consumer from a dollar and cent standpoint. Morgan county wants the traveling tourist to come this way. He is a money spender. Well marked trails attract tourists.

## KANSAS CITY DOES HONOR TO MEMORY OF WILLIAM R. NELSON

Public funeral is held at home—For Periods Varying from Five Minutes to Half a Day Practically Every Activity in City Stood Still.

Kansas City, Mo., April 16.—Kansas City almost as a unit did honor today to the memory of William R. Nelson, late editor of the Kansas City Star who died Tuesday and whose funeral was held last afternoon. For periods varying from five minutes to a half day practically every activity in the city stood still. Soon after noon crowds began gathering at the Nelson home where a public funeral was held at 2:30 o'clock. When the hour of the ceremony arrived the extensive grounds about the home were massed with people. It was estimated nearly 15,000 were present, comprising the largest gathering for a similar occasion in Kansas City.

Throughout the city business houses and other activities began closing at noon. All schools and public libraries were closed for the half day. At 2:30 o'clock street car, motor bus and interurban traffic stopped and for five minutes the entire city virtually was motionless.

At Oak Hill, the Nelson home, the immense flower banked room in which the body lay in a closed coffin was thrown open early in the day and a continuous stream of former friends passed through for hours before the funeral.

The gathering at the funeral was extremely democratic.

### WITH THE SICK.

Mrs. William Magill of Spdingfield came to the city a few days since to visit with home folks and was taken sick. She is now a patient at Passavant hospital for treatment for pneumonia.

Uncle James M. Self was out Friday after confinement to his bed for two weeks with inflammatory rheumatism.

Mrs. Jerry Cox, who has been quite ill at her home on Caldwell street, suffering from a mastoid abscess, is now somewhat improved.

Mrs. P. J. Shanahan who has been ill for the past week is reported improving.

Harry P. Obermeyer is ill at his home, 801 West Lafayette avenue.

Mary Helen McCarty has recovered from an attack of measles at her home, 624 West College avenue.

Miss Linnie Blevins has returned from Manchester where she went to see her sister, Miss Mabel Blevins, who is ill at her home there.

Mrs. D. J. Baird, 210 North Prairie street, has gone to Glasgow, Scott county, to attend her son, Donna Baird, who is suffering with measles.

A. L. Lukeman who was kicked by a horse not long since is at Our Savior's hospital and doing well.

Mrs. Thomas Duckells who went to San Antonio, Texas, some time since, has been stricken with paralysis and is not expected to live.

Miss Aline Smith of North Church street is convalescing from an attack of tonsillitis.

Mrs. J. E. Rawling, who has been quite ill at the family home on East North street, still continues without improvement. Her sister, Mrs. Edward Pocock of Nokomis is expected in the city today to remain with her for a time.

Mrs. Martha Pluckett of Franklin is reported very ill. Her daughter Mrs. Mary Humparey of Modesto has come to be with her.

### MORTUARY

#### Bromilow.

Wor has been received of the death of Mrs. Mary Bromilow, at her home in Highland, California. She was a daughter of the late John Menzies and was born near Jacksonville 60 years ago. She moved with her family to Virginia and after her marriage lived at Chillicothe, Ill., where her husband and a son died. She is survived by four children, William, Anna, Robert and Lewis at home and two brothers, William and Carl Menzies of Chicago.

#### Stubbsfield.

Miss Susan Stubbsfield of Greene county died at a local hospital, at the age of 74 years. She was the daughter of Mr. and Mrs. Easy Stubbsfield, who resided east of Roodhouse. #### Wells.

J. F. Kellogg of East State street was notified by telegram yesterday of the death of his aunt, Mrs. Charity Kellogg Wells who passed away at 2:45 o'clock Friday afternoon at the home of her sister, Mrs. J. H. Krickenbarger in Nokomis, Montgomery county. Mrs. Wells' death was due to the infirmities incident to those of advanced age. Miss Charity Kellogg was born near Ironton, O., January 15, 1826 and she had at the time of her death attained to the age of 89 years, 3 months and 1 day. Some 60 years ago Miss Kellogg was united in marriage to John Wells who preceded his wife in death about five years since. To this union was born six children, all of whom survive to mourn the death of their christian mother. Mrs. Wells when quite young united with the Methodist church and has ever lived a consistent christian life and has raised her children in the fear and admonition of the God she served. She is survived by her sons, Albert, Wesley, Charles and John C. Wells, and her daughters, Mrs. Laura Krickenbarger and Mrs. Alice Sidles, all residing in Nokomis and vicinity, and by her niece, Mrs. J. E. Rawlings, her nephew J. F. and A. W. Kellogg, all of this city, by 15 grand children and by 6 great grand children. Funeral services will be held in Nokomis at 2 o'clock Sunday afternoon.

### "UNION DEPOT FOR A DAY" PLEASES AUDIENCE AT GRAND

Large Number Witnessed Home Production Last Night as Benefit for the Free Kindergarten.

Seats were at a premium last night at the Grand Opera house on the occasion of the production "Union Depot for a Day", presented by home talent as a benefit for the free kindergarten. The stage had been transformed into a union depot with its offices, time tables rack, fruit stand, railroad maps, bottling stand and in fact everything that goes to make up a typical place for train waiting. There was scarcely a character, who travels the roads, not seen last night and some of the make-ups were unusually clever. Some very funny situations were presented and the line of talk such as is heard about a depot kept the audience in a state of laughter during the entire performance. The cast of characters were under the supervision of Miss Milliecent Rowe and she had valuable assistance from Miss Lillian Davis and Rev. Howard D. French. Considerable time was spent in training for the event and the management feels most grateful to all the citizens who gave so liberally of their time and influence in making the entertainment a success. It is estimated that about \$400 was made which will be a great help to the free kindergarten. Harlan A. Williamson acted as advertising manager.

The following are those who took part: Ralph Dunlap, William Brady, George Vasconcellos, Katherine Olmsted, Jeanette Taylor, Gladys Andre, Ima Berryman, James Capps, Elson Barnes, Felix Farrell, Arthur M. Masters, Mrs. Felix Farrell, Geo. E. Doying, Ruby Cudly, Esta Brown, Carrie Mackness, Dr. Alpha Applebee, Ethel Wylder, Cleon Bell, Eleanor Capps, Walter Bellatti, Mrs. Helen Brown Read, Phoebe Dummer, Edith Jordan, Mrs. George Orear, Maria Fairbank, Frances Waddell, Edith Putman, Carrie Skinner, Albert Metcalf, Sara Frankenberg, Zella Benson, Joel Crouch, Russel Pinkerton, Walter Schrag, Carl Weber, John Larson, Frances English, Deane Obermeyer, Marcy Osborne, Anne Stevenson, Clara Lane, Katherine Barr, Jeanette Powell, James Barnes, Charles Dalrymple, Mrs. W. D. Doying, DeMotte Gates. There were also a number of college boys and girls and high school students who took part.

### FRANKLIN CONTEMPLATES MUCH BUILDING DURING SUMMER SEASON

J. C. Whitlock of Franklin has purchased the lot adjoining the old Christian church of that place and expects to erect there a one story brick building, 40 by 80 feet with basement. Mr. Whitlock who conducts an implement store in the Olinger building will move to his new place as soon as it is finished. The contract will be let shortly.

Dr. and Mrs. C. I. Glenn are also contemplating the erection of a two story house of eight rooms on Main street.

Recently the old John Thompson house on the corner of Main and Prairie streets was removed. This was one of the oldest buildings of the town. Other improvements are contemplated and the prospects for a good growth during the year in the building line is apparent.

### DIES IN GRIGGSVILLE DEPOT

Unknown Man Passes Away in Wash Station.

The body of an unknown man about sixty years of age is being held for identification at Griggsville and slight hope is offered that the remains may be claimed by relatives or friends. The man was found dead in the Wash station at 9:40 o'clock Thursday night, but no papers or other means of determining identity were found upon him after strict search.

The man departed from No. 12, which goes through Griggsville at 8:22 and in conversation with the operator, Boone Stead, stated that he was out of funds but expected to go up town the next morning and "get help." On trying to arouse the man from what he deemed a deep sleep some time later, the operator found the man had died in a sitting posture. There were found on his person no indication of suicide and it was not known in what manner death came.

#### THE BIRTH RECORD.
